Dreams - https://www.youtube.com/watch?v=Dy6kvKaR6tE

Come with me won't you take my love and soul, yeah.
Can't you see that it's you I want for my own, yeah.
Your Dreams are yours my Dreams are mine
You make them live or you can let them die.

After Dark - https://www.youtube.com/watch?v=7s7_LtjQLB4

Wendy, when I saw you, Wendy when I watched you,
Wendy, when I tried to talk, no words would come at all
I didn't know your name, I'd love to have you with me,
I'd love to have you with me After Dark.
Wendy, when I'm with you, gently as I hold you closer than I ever dreamed
your touch is soft as a summer rain,
I love it when you're with me, I love it when you're with me After Dark.

Never Gonna Leave You - https://www.youtube.com/watch?v=Vg_QafHOlUo

It's been a long time since we've been there,
It's been a long time since we cared.
It's been a long time since we've had each other like before.
We're lookin' forward to the new time,
We're lookin' forward to it all,
You know we can't wait any longer, now it's time to be together.
Never gonna leave you, Never gonna let you go,
Never gonna lose you, Never gonna give you up, I'm gonna make it show!
I'll be home before too long, we'll be back together,
A mountain was our love, and this will last forever!
It's been a long time since we've been there, it's been a long time since we cared,
But now we know it's all behind us,
we've got tomorrow we can share.

Loretta - https://www.youtube.com/watch?v=i2su1EY9yhg
Loretta, come dance with me,
our hearts they will play, like the rolling sea,
The night is ours, our feet are light,
oh Loretta, a look, dance, touch, we kiss then make love.

Bailando - https://www.youtube.com/watch?v=QyexeL8nhfw
You feel the rhythm move you, you can't deny the feelin',
The music takes your breath away,
Before you realize it, your feet are leading you to,
a night that says, I'll never end.

Angel - https://www.youtube.com/watch?v=8LbOr9jjedc
You, you are my Angel, you, you are my love.
Fall into my arms, fall into my dreams,
And hold me close to your heart, you are my Angel.

Still in Love With You - https://www.youtube.com/watch?v=YepI35hFn5c
I'm still in love with you, are you still in love with me.
The times we called our own will be in our hearts for now and ever.
I'm still in love, still in love, still in love with you.
We sang our songs of love, we loved the songs we sang together,
We hoped our love would last; we thought our love could last forever.
I'm still in love, still in love, still in love with you.
And now that I'm alone, I think about your eyes and remember,
The times we called our own will be in our hearts for now and ever.
I'm still in love, still in love, still in love with you.

I Wanna Have Fun With You - https://www.youtube.com/watch?v=Yu05jMBSCHg
I Wanna see your smilin' face,
I'd like to feel your eyes look at me,
My feelin's they go 'round and round,
just wishin' a wish with you,
Well, I can only dream, of what it would mean to me,
If I were to be close to you, I think you just might,
I hope that you would,
Just one time look my way.
I wanna have fun with you, I wanna have fun with you,
I gotta have fun with you, I'd love to have fun with you.

When we're alone, the time is ours, for ever more, She's Good For Me.

Lovin' and Livin' - https://www.youtube.com/watch?v=_lsu5pReG-A

When you love one, it's hard enough,
but when you love two, it's double trouble,
The first one can be so much fun,
the second one makes you run and run,
It is brand new, for her and you,
But please don't worry, it's part of life.
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin', it's just a game,
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin' it's all the same.
Well we talk about, the way it was,
and we talk about the way it should be,
And we talk about, the way it is,
and we talk about, the way it could be.
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin', it's just a game,
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin' it's all the same.
It seems to me, if you're gonna play,
You need to play, a certain way,
And it's not for me to tell you how,
You need to find the path yourself.
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin', it's just a game,
Lovin' and Livin', Livin' and Lovin', Lovin' and Livin' it's all the same.
Well you feel inside, about the potential,
and you cry inside, of the consequential,
A philosopher, I am not,
you need to do what your passion tells you.

Please Don't Love Me From a Distance - https://www.youtube.com/watch?v=LC-6AT5diPw

Please don't love me from a distance, I got to have you next to me,
Through the good times and the sorrow, my love for you will always be.
Please don't love me from a distance, let our lives reflect ourselves,
May we always keep in our heart, A love that shares and understands.
Please don't love me from a distance, believe in us and we become,
Like the oak tree in our front yard, growing tall and very strong.
Please don't love me from a distance, please don't love me from afar,
Please don't love me from arm's length, cause' this is all that I ask of you.

Cannoli Man - https://www.youtube.com/watch?v=6cwXbCjsU7A

We know a man who moves from bar to bar,
he holds above him a tray of sweets to eat,
When he walks in a little show, he does,
he sings and dances of food he has to sell,
You can't deny this Brady street type of guy,
he jumps and spins as happy as can be,
The East side is where we all belong,
when this man dances, we want to dance along.
The Cannoli man he dances on his feet most every night,
He tries to sell his goods to everyone who is in sight.
The Cannoli man he dances with his sweets up in the air
He spins around singin' I got Cannoli and pepperoni
Come on and dance Cannoli Man

You Make A Difference In My Life - https://www.youtube.com/watch?v=nA1K4Nkfqls

You make a difference in my life, Wo Wo Wo,
You Make A Difference to me.
As life takes its turns you might wish for another,
or a different road we could take.
It's the road that we travel and the bumps that we take,
And the swerves that we need to handle,
Writing songs and playing music is what I got to do,
it gets me through the day,
What I want is quite different, I beg of you;
I need to find the way.
You make a difference in my life, Wo Wo Wo,
You Make A Difference to me.
You make a difference in my life, Wo Wo Wo,
You Make A Difference to me.
I have browsed these rooms many times before
and never found the key.
It's the hardest of hards' and that empty feelin',
that you get when you lost your love.
Your fears are revealed and your tears seem to tumble
As I search through the ruins in my heart.
Just to find in the corner of that lonely room a teacup filled with you.
You make a difference in my life, Wo Wo Wo,
You Make A Difference to me.
You make a difference in my life, Wo Wo Wo,
You Make A Difference to me.

We'll Be Alone Oo-La-La - https://www.youtube.com/watch?v=mDLkwgRf2Qc

What I really want to do is get on a plane
and go to a deserted island,
It would be you and I and the deep blue sky,
no one would be the wiser.
We could wear what we want or nothing at all
and leave the world behind us.
The beach would be ours you could count on that,
We'll Be Alone Oo-la-la,
We would laugh and sing and play all day
in the warm and beautiful sea,
As night approached, we'd watch the sun
dip slowly into the ocean,
Take a swim at dusk, make love at night,
take all the time we need,
The smallest things would mean a lot,
We'll Be Alone Oo-La-La, We'll Be Alone Oo-la-la,
We'll Be Alone Oo-la-la,
We've got nothing to do but lay around
and drink strawberry margaritas,
Let ourselves explore the soul
that lives just below the surface,
A kiss, a look, a hug could last all night long,
We would share our dreams our deepest thoughts,
We'll Be Alone Oo-la-la, We'll Be Alone Oo-la-la,
A walk on the beach and tossing stones
is just what the Dr. ordered,
I'd like to feel the wet sand between my toes
as I watch the surf roll in,
The breeze in our face and the sun on our buns,
Our bodies will turn golden brown,
No Tan Lines for us 'cause we'll be in the buff,
We'll Be Alone Oo-la-la, We'll Be Alone Oo-la-la,

Joy Town - https://www.youtube.com/watch?v=YAzqHKbRUAg

I got miles and miles of smiles when we're together,
in stormy weather, it doesn't matter at all.
Coz there's a place I'm takin' you that will cure your troubles,
It's just for you, hang on to your hat.
Oh, take me to the city called Joy Town,
Where the people are happy as they play in the sun,
Oh, take me to the city where we belong,
where the people there have fun, as they play around.

Dreamer - https://www.youtube.com/watch?v=0aOyAd99fuw

I'm a Dreamer, just a Dreamer, I'll be Dreamin' till it comes true.
I'm a Dreamer I have my moments 'cause I'm a Dreamer just a Dreamer from the heart.
I've got a story to tell, about my life and a wishing well,
I've thrown so many nickels in,
It surprises me that I wish at all,
'Cause when they fall in, they seem to disappear,

Dreamer - Continued:
But someday soon the well will fill,
To the top with all my dreams,
Then I'll be able to crawl on top and pick one out
and make my choice, I've got a story to tell.
I've got a story to tell, of life and all the loves I have
To fill my cup is really no big deal,
As long as chains stay off of my daily meal.
Because I will climb any mountain on my hands and knees,
I will sit on the beach and count the grains of sand,
I hope that all people across this great land
will open up their hearts to dream a dream,
And let it live, within their soul,
I've got a story to tell.
I'm a Dreamer, just a Dreamer, I'll be Dreamin' till it comes true.
I'm a Dreamer I have my moments 'cause I'm a Dreamer just a Dreamer from the heart.

Island Stomp - https://www.youtube.com/watch?v=GlItZHk5Qbg
Clap your hands and sing along, stomp your feet and sing along,
Bump your butts and sing along, knock your knees and sing along.
You got to come to the Island; you won't believe what we're going to do.
You got to love on the Island, you won't believe all the fun we'll have,
You got to Live on the Island
Please come along dance with me to the Island Stomp,

A Little Bit Closer - https://www.youtube.com/watch?v=BPfNamaxu64
I, got a little bit closer to your heart last night,
And I, tried to make it count so everything would be all right,
And you, finally let your guard down so I could come inside,
And you, let yourself feel what you're supposed to feel,
And now, now that we're on our way,
Don't take it for granted and think it will stay.
And we, will make some memories that will last our lives,
And we, will take the time to feel love with our eyes,
And now, now that we're on our way,
Don't take it for granted and think that it will stay.

Sometimes I'm Crazy - https://www.youtube.com/watch?v=xWwgEQwKVos
Sometimes I'm crazy sometimes I'm very crazy,
Sometimes I'm crazy, crazy for you,
Sometimes I'm crazy sometimes I'm very crazy,
It all seems to happen when I'm with you.
I feel it move my bones all over,
I feel it move me up and down,
I feel it rattle all of my senses,
It all seems to happen when I'm with you
It all seems to happen when I'm with you.
I hope that you feel the same,
It is more fun when there's two,
This isn't really a game, I guess this means I love you.

A Song To Sing - https://www.youtube.com/watch?v=4iSwA48dCm8

Life is a melody that plays on and on,
Love is a story that's played by the strings of my heart.
There are so many different turns and keys,
and so the thread of living keeps weaving its work,
And there's always a song to sing,
And there's always a tear to shed,
And there's always a life to live.
Life is a string to hang the pictures of my soul,
and if the wall remains then I will continue,
To open up myself like a book to be read,
never ever fearful of what will be said.

Perros Calientes / Hot Dog Vendor - https://www.youtube.com/watch?v=C7dgg1Nn7cw

The Girl in My Dream - https://www.youtube.com/watch?v=1s5pnatQo5w

I think About you constantly,
you're on my mind both day and night,
I'm with you even though I'm not,
You're the girl in my dreams.
The fantasy it never ends,
it spirals up like a whirlwind,
Someday our hearts will be our own,
You're the girl in my dreams. You're the girl in my dreams
You're the girl in my dreams
They say a flower can only bloom,
if it knows two people who are in love,

The Girl in My Dream - Continued:
Just look around and you will see,
You're the girl in my dreams.
We need to let our needs be known
to taste of the fruit that's beyond our reach
Adam and Eve, they did it for us
You're the girl in my dreams. You're the girl in my dreams

So Glorious - https://www.youtube.com/watch?v=oNy7JikafEk
I want to see more man out of you, she said,
I want to see more man from you for me,
We'll make our lives, our dreams come true,
just you and I, we'll have it all,
And soon our lives will be Glorious,
So Glorious, Glorious, So Glorious.
I want to see more man out of you, she said,
I want to see more man from you for me,
We'll keep our hearts beating in time,
We'll never lose the sight of our love,
We'll always be forever friends,
I'll give you all my passion too,
and soon our lives will be glorious,
So Glorious, Glorious, So Glorious.

Drivin' Me Wild - https://www.youtube.com/watch?v=8kGndwD5TkI
Please Come to me, I'm beggin' won't you believe. You're the one that I'm lookin' for,
You're the one that I need. Our love will never die, if you just let me try.
Why not just take me back, oh girl, we've got nothing to lose.
Your Drivin' Me Wild, Your Drivin' Me Wild

When We're Not together - https://www.youtube.com/watch?v=0O-nsYXsYV8
When we're not together the stars have no shine and the moon has lost its glow,
When we're not together the sun has no shine and the flowers refuse to grow,
When we're not together the streets all begin and they end in the very same spot,
When we're not together the birds have no songs and the bees they have no honey.
Dey-Yo-Dey-Yo
When we're not together the mountains aren't mountains and the seas aren't seas at all,
When we're not together the only thing real is my heart 'cause it cries for you,
The secret of secrets will remain a secret until it's meant to be oh yeah,
Why love does its work is a mystery, and my heart it cries for you.
Dey-Yo-Dey-Yo
If I had my way I'd love you all day and never let you go,
Time would stop so love could start and fill the day with passion,
And when we're together believe me, it changes for us and all the world to see,
When we're together the mountains are mountains and the seas, they are seas,
When we're together my heart it now sings for you, it sings for you, it sings, for you.

We Can't Lose - https://www.youtube.com/watch?v=VAxA-xwxfjY
Once I was free to walk alone, and once I was free to be me,
To a girl like you, to a girl like you with each other we can't lose,
We can't lose, we can't lose with each other we can't lose, we can't lose.

We \Can't Lose - Continued:

Once I was free to carry on, and once I was free to say bye,
Now that I've got you wrapped up in my love, there's no reason for you to fly,
You're my girl, you're my girl, with each other we can't lose Etc.
Once I was free to live alone, and now you're the one that I choose,
Life will be grand wherever we go, 'cause with each other we can't lose.

Never Go Back - https://www.youtube.com/watch?v=ombiovZNRYE

We walk and talk about the days gone by, we sing our songs and never wonder why,
The next trip will be ours; you can count on that, we'll pack our bags and we will never go back.
The life ahead is so much brighter now, the days are clear of any gloomy clouds,
What's on my mind and in my tender heart, is to live a life that moves in leaps and bounds.
Work is essential for that piece of mind, to play is what we all hope to find,
No matter where we live or what we do, my heart will beat forever just for you.

Give Her Love - https://www.youtube.com/watch?v=ibtXjSw63Mw

Someday soon it will happen to you, you'll find a girl or she'll find you,
Your life will change like a new hairdo or a pair of pants, colored blue.
She'll take you here, you'll take her there, the nights are late who really cares,
Gifts for her, gifts for you, life is sweet, what do you do. Give her love, give her love,
Give her love, give her love, give her love tonight, give her love tonight.
Summer heat and winters cold, love is sweet, so I'm told,
Let your heart do what it must, if you don't your life will rust.
Don't forget who you are, with her near you'll go far,
Take it now while you can, life is sweet what should you do.

Don't You Ever Lose It - https://www.youtube.com/watch?v=LdaAgjVFMbE

The ache in my heart will never subside, till it's washed away, with the love from you.
The pain is mounting, with each passing day, And the need for you, is what's wrong with me.
Don't you ever lose it, I promise I'll never abuse it, if you let me have you tonight.
We're part of a storm, that tears at our hearts, if faith we have, then love we've got,
We can't ever stop trying to be good for you and good for me.
The little things that give us joy should be used to build the love we have,
That's why I reach out, every day, to hope and pray that our roads will meet.
Don't you ever lose it, I promise I'll never abuse it, if you let me have you tonight.
I dream my waves, of endless love, will gently roll upon your shores,
And when they do, I know we'll find, the gifts of love, that cleanse the soul,
Let my words, make love to you, it's all I can offer, it's all I can do.
Don't you ever lose it, I promise I'll never abuse it, if you let me have you tonight.

Sundown - https://www.youtube.com/watch?v=P5xeXb-5_q4

Every night when the sun goes down, I think of you and that silly frown,
The way you work and the way that you play, it doesn't really matter what time of day,
When the sun goes down, we'll be on the town,
we'll be makin' love, when the sun goes,
when the sun goes down.
Every night when the sun goes down, I think of touchin' you and removin' your gown,
The way that you move underneath those clothes, what's on your mind is what I got to know,
When the sun goes down, we'll be on the town,
we'll be makin' love, When the sun goes down.

Don't You Ever Leave Me - https://www.youtube.com/watch?v=RMozZ9CHoLU

I like to see the shine in your hair, I like to hear the whisper of you,
I like the fragrance of your perfume, 'cause it reminds me of the times that we shared.
Don't you ever leave me, don't you ever leave me, don't you ever leave me, for another
When we're together, the birds like to sing, when we're together, we laugh, play and cry,
When we're together, nothing shines like us, when we're together, our dreams come alive.
Don't you ever leave me, don't you ever leave me, don't you ever leave me, for another.
Even though we're far apart, my heart knows that you will be all mine.
Oh, it feels so good, oh it feels just right, Oh, your all I need, to warm the lonely night.

Ellisa - https://www.youtube.com/watch?v=lM3ogl8b0m8

If you stop my heart from breakin', when you get the courage of takin',
Can you stop my heart from achin' Ellisa. The delights of love are here, wouldn't you like to stay and share,
We have many joyful tears Ellisa, Ellisa Like a rose our love would bloom, watch it grow and fill our room,
I'm blinded by your beauty If you stop my heart from breakin', when you get the courage of takin',
Can you stop my heart from achin' Ellisa. When we're together things will never be the same,
The love of our life will make our flowers grow and grow, when we're together things will never ever change,
Oh Ellisa, won't you make me yours.

I Wish You Were Mine - https://www.youtube.com/watch?v=3UBb6bENLIA

I wish you were mine; I wish you were mine to keep to myself, to myself if you were mine.
I wish you were mine; I'd love you always, the stars would shine every night, from my heart to you.
Oh, the glory of loving you is within my reach, Oh the glory, of having you is all that I dream.
I wish you were mine, I'll wait till the last drop of dew, Then if not of this earth, then in heaven, you're my fountain of youth. I wish you were mine, I'll wait till the last sunset, a love that would follow the sun streams forever, with us floating away. Oh, the glory of loving you is within my reach,
Oh, the glory of having you is all that I dream.

Stardance - https://www.youtube.com/watch?v=0svP2Jkguqc

Come and dance upon the stars with me, take my hand and you will see, That the stars up above, from just bein' in love, ride with the moon on the galloping skies, and take the world and tie it with a bow.
Now you see just what we have, make sure that cloud it never lands, all the world from above, from just bein' in love, ride with the moon on the galloping skies, and kiss me and then,
We will call it a day and take the world and tie it with a bow.

If Your Lookin' - https://www.youtube.com/watch?v=yywZaDO10dw

If you're looking for love in your life
And you search through every pore in your soul,
We find things we found before but now they mean much more.
The answer was always there, sometimes it takes a little love from somewhere
If you're looking for love in your life,
If you're lookin' for love in your life, and you look so hard that your eyes they bleed,
'Cause seeing is believing and if you let your heart feel,
You will sing a song that warms you up, it can set you free.
If you're lookin' for love in your life, if you're lookin' for love in your life,
Even though it might seem hopeless, even though the road seems way too long,
Once your heart has found its rhythm, don't look back, don't give up, don't you stop.
If you're lookin' for love in your life, and the pain is just too much to handle,
The key is to let yourself be loved by someone,
With trust and no rules those are for fools, then it will be real.
If you're lookin' for love in your life, if you're lookin' for love in your life,
If you're lookin' for love in your life, and your pockets come up empty,
You look for the lining to give you hope where there's none,
So you pull your spirit inside out in search of.
If you're lookin' for love in your life, that is if your lookin' for love in your life,

I've Never Been - https://www.youtube.com/watch?v=ePlacPwRkmQ

Never been this much in love before.
I've never been this much in love before, my eyes, they close, they cry all night in hopes of seeing you.
I've never been this much in love before, my heart cries out for you, hoping to feel your breath touch mine.
I've never been this much in love before,
I've never been this much in love before, our shadows glide as one when there are clouds or there is sun.
I've never been this much in love before; we'll dance the night away with feet light as air.
And I know there will be better days, I only hope that we can hang on 'till it's time.
And I know there will be better ways, of loving you, to fill our hearts with joy.
And I know there will be better days, I only hope that we can hang on 'till it's time.
And I know there will be better ways, of loving you, to fill our hearts with joy.
I've never been this much in love before. The days and nights are friends even though they never ever meet.
I've never been this much in love before. The fear of losing touch is what is always on my mind.
I've never been this much in love before,
I've never been this much in love before, my eyes they close they cry all night, in hopes of seeing you.
I've never been this much in love before,
When all is said and done, we'll have ourselves to explore.
And I know there will be better days, I only hope that we can hang on 'till it's time
And I know there will be better ways, of loving you, to fill our hearts with joy.

When I'm With You - https://www.youtube.com/watch?v=yjYR5IOLXME

The times in my life
they all disappear and it's so very clear,
That things never stay the same anyway,
well, it's just as good that way.
My story is no surprise to those who've loved before
and wanted more from life.
When I'm with you, the stars they shine,
on your face, 'cause you're here forever more,
And now, I do believe, that someone like me,
can find harmony, yes and all is not lost, when you have a friend in someone like you, in someone like you,
in someone like you, in someone like you.

Jamaica - https://www.youtube.com/watch?v=9MP6y_BP3Q8

You're the one that I love, you are the one that I need
in Jamaica I will find you and live our fantasy!
I've gone away, far away to find my love in Jamaica,
The sky was red, like my love,
You've gone away to the island.
I'll look for you in the wind, that's where you left your love for me
and though it might take forever my love for you flows endlessly.
Chasin' all my dreams as far as they may go,
You're the one I love and you're the one I need.
I've gone away, far away to find my love in Jamaica,
you were to me loves breath of life without
you I'm not whole,
I was to you I thought the same, you left me amidst the game
is there no hope for our dreams
I've lost my love to the wind, I've lost my love to the wind, I've lost my love to the wind.

I Think I'd Like To Be a Bee - https://www.youtube.com/watch?v=MFUQcRY1EYA
https://www.youtube.com/watch?v=8vYX6VOZFHY

I think I'd like to be a bee just to see what he could see.
Buzzing in and out of flowers for seconds… minutes… even Hours…
What is he really trying to do? Is he running from? Or chasing to?
Did he even find it yet? Or perhaps…did he forget?
If I could become a bee, then I'd know what's inside of me.
These are things I'd like to know, and when I do, it's you I'll show.
This busy bee made a decision; it seems to me he's on a mission!
So now I'll follow him around, in my gardens all over the ground.
Mr. Bee, he makes a long trip, not a flower did he skip.
From flower top to flower top, racing, dancing then a hop.
If I could become a bee, I would help you clearly see,
all the reasons that I buzz so free, around the flowers and thru the trees.
Then I'd know what's on my mind and then and only then I'd find
a way to tell you that I'm kind and that I'm busy gathering up
the food I need to fill my cup, to build my hive…to stay alive
to store the treat you like to eat! Now you all can clearly see,
why I'd like to be a bee. I work my hardest to do my best!
So all the rest can taste the best The bees think it's funny that we call that golden, sticky, sweet stuff… Honey!

The Blue Swing! - https://www.youtube.com/watch?v=jNZMB-dh32s
https://www.youtube.com/watch?v=oTgSMBcu6pA

Oh how I love to be swung in that swing,
that blue little new little shiny thing.
While swinging along I sing a song, I close my eyes the journey's sooooo long.
To feel the path from end to end, as if I were hanging with my best friend.
Tic toc just like a clock, I'm swinging Back and Forth,
Up up and away I go from the South to the North.
The breeze flows and moves my hair
It tickles my neck as I glide thru the air.
My hands and feet are flying free,
All 4 of them are a part of me.
Little gets big and big gets little,
except when I am right in the middle
Without a thought, without a care
This is here and that was there.
Close to the ground, far from the sky,
swinging and soaring as if to fly.
Close to the ground, far from the sky,
swinging and soaring as if to fly
Push me as high as a roller coaster,
close to heaven, I'm in a holster.
The blue above and green below, it's life and living I truly love.
Through the clouds and back again **d**ays like these will never end.
I fly thru the air with the greatest of ease
Begging to papa, Oh won't you please
just one more time! I'm your 26 pound blue swing flier.
Oh how I love to be swung in that swing,
That blue little new little shiny thing!
While swinging along I sing a song, I close my eyes the journey's sooooo long.
To feel the path from end to end, as if I were hanging with my best friend.
To feel the path from end to end, as if I were hanging with my best friend.

Mootsy the Rootsy - https://www.youtube.com/watch?v=nCExfBYrkQw
https://www.youtube.com/watch?v=eS6o6iMP58U

Mootsy is a root from an old oak tree,
This for sure you can most definitely see.
Every minute, hour, day, week and month of the year 200 to be exact!
And Mootsy loves it!
And that's a long, long time for Mootsy to be here,
And that's a long, long time for Mootsy to be here.
Mootsy has been growing in this exact same spot.
After all these many years, he's been seen and seen a lot!
The weather when it's COLD or it's HOT
It really doesn't matter now, just imagine if he did not!
And that's a long, long time for Mootsy to be here,
And that's a long, long time for Mootsy to be here.
At first, he was the first root, so at first, he was very small, small, small.
He never traveled or lived anywhere else, anywhere else at all!
As the years would grow by and grow by without a fall
Mootsy found the tree above him, had grown to be quite tall

Mootsy the Rootsy - Continued:

And that's a long, long time for Mootsy to be here,
And that's a long, long time for Mootsy to be here.
Now just because Mootsy lives deep below the ground,
It doesn't mean he doesn't know what's happening all around.
Above and below, he has so many stories to tell.
You see above the ground, Mootsy's eyes, ears, nose and arms are doing quite well.
Mootsy knew he was doing a good job, because of the rewards of his work.
Wendel the worm was very happy just to crawl around in Mootsy's dirt.
And that's a long, long time for Mootsy to be here
And that's a long, long time for Mootsy to be here
The leaves were green and waved to the world, singing
"We are beautiful flags so glad to be unfurled".
The branches like arms would grab the sky, embracing the air
clouds and birds that flew by.
Mootsy the rootsy would never say goodbye!
And that's a long, long time for Mootsy to be here,

I'm a Dreamer - https://www.youtube.com/watch?v=P_tGa7JVytg
https://www.youtube.com/watch?v=hTtATeIK8LY

I'm a dreamer just a dreamer,
I'll be dreaming,'til it comes true.
I'm a dreamer, I have my moments.
'cause I'm a dreamer just a dreamer, from the heart.
I've got a story to tell!
About my life and a wishing well!
I've thrown so many nickels in.
It surprises me that I wish at all!
'Cause when they fall in they seem to disappear!
But someday soon the well will fill,
to the top with all my dreams,
then I'll be able to crawl on top
and pick one out and make my choice.
I've got a story to tell,
I'm a dreamer just a dreamer,
I'll be dreaming,'til it comes true.
I'm a dreamer, I have my moments.
'cause I'm a dreamer just a dreamer, from the heart.
I've got a story to tell of life and all the Love I have.
To fill my cup is really no big deal,
as long as dreams are a part of my daily meal.
I will climb any mountain on my hands and knees.
I will sit on the beach and count the grains of sand.
I hope that all people across this Great Land,
will open up their hearts! To dream a dream,
and let it live, within their soul.
I've got a story to tell.
I'm a little dreamer just a dreamer,
I'll be dreaming until it comes true.
I'm a dreamer I have my moments.
I'm a dreamer just a dreamer, from the heart.

Rag Doll - https://www.youtube.com/watch?v=1tn2-Hx2iog

Oh, I'm a Rag Doll you can surely see.
I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.
My smile starts from the inside, and I wear it on my face.
My clothes are on the outside, I'm having fun in this great place.
A Rudolph nose, white hat and dress, blue blouse with polka dots,
Take a look at all the rest!
Candy cane tights with buckle shoes,
I'm the sweetest kid in town,
I'm never going to lose.
My eyes are as big as the day is long,
playing, dancing and just Singing a song.
All my doll friends, and they're all Big Stars,
Admire my beauty from close and a-far.
There's Rudolph the reindeer who's full of cheer!
And Clarence the clown who laughs all over town!
We have Chicken and chick food on the floor they pick,
And he's always polite, Mr. Papa Bear in blue.
He greets you by saying, "how do you do!"
Oh, I'm a Rag Doll you can surely see.
I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.
My Rag Doll babies, Maggie and Joe,
just sit there quietly enjoying the show.
But it's Zig the pig who could use a wig!
Don't forget Baby Bear blue tie who loves berry pies,
And my doggy friend Spotty who is never ever naughty.
Oh, I'm a Rag Doll you can surely see.
I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.
Look out for Miss Molly the racehorse, she loves to run the race course.
and then we have Paul the green ball, who has fun with them all!
Now Captain Jeffrey Giraffe always makes me laugh
And the newborn Miss Betty is a beautiful teddy.
Oh, I'm a Rag Doll you can surely see.
I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.
And last but not least there's Miss Moosy the mouse,
oh how she loves living in her everywhere house!
Their only wish now say it real loud,
to be ALIVE like me, fancily running and playing free!
Oh, I'm a Rag Doll you can surely see.
I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.
And when I'm done I'll rejoin my friends,
in my toy box full of puppy dogs and hens.
I'm as beautiful as anyone can be, because I'm a Rag Doll, for you and me!
Oh, I'm a Rag Doll you can surely see. I'm as beautiful as anyone can be.
Rosy cheeks and raggy red hair, everyone wishes that they were there.

To Bee or not to Bee - https://www.youtube.com/watch?v=vbtgzk50STM
https://www.youtube.com/watch?v=q9JV4GNzDt0

Then as he wrote, float like a boat, to Bee or not to Bee!
Then as he wrote, float like a boat, to Bee or not to Bee!
To be the Bee I need to be, I need to fly real free.
To think the way a Bee should think,
only a Bee should know, like me.
It's really totally up to me, the kind of Bee I like to be.
Zooming in and out of flowers, in sunshine or in showers.
Flying all over high in the sky, my thoughts, so totally free!
I choose to be the Bee I be because that's who I be!
Which type of Bee are you?
I want to be me a busy Bee a Free Bee a Spelling Bee a New Bee
a wanna be, a Rug Bee a Capital Bee a Queen Bee or a Honey Bee
a Bumble Bee a May Bee a Bob Bee or a Baybe!
Then as he wrote, float like a boat, to Bee or not to Bee!

The Garden Hose - https://www.youtube.com/watch?v=Bi4tW8f39YQ
https://www.youtube.com/watch?v=EVRK1RfCAYM

I love being chased with a garden hose,
when papa sprays me from my nose to my toes!
I love when the sprinkles hit me everywhere,
like rain falling sideways in the warm summer air.
I run so fast I try not to get wet,
I almost feel like a human jet!
Each drop that hits me, makes me giggle and run.
I really want more, because it's lots of fun!
I love being chased with a garden hose,
when papa sprays me from my nose to my toes!
I love when the sprinkles hit me everywhere,
like rain falling sideways in the warm summer air.
The Sparkling Light dances thru the drops,
as they fly past me quickly as it jumps and hops.
Zooming back and forth, weaving in and out!
I love being chased with a garden hose,
when papa sprays me from my nose to my toes!
I love when the sprinkles hit me everywhere,
The Garden Hose – Continued:
like rain falling sideways in the warm summer air.
The entire neighborhood can hear me shout!
You can't catch me! Don't get me wet!
Days like these we'll never forget!

Gazoogadrake - https://www.youtube.com/watch?v=7PfGhIa_jG8
https://www.youtube.com/watch?v=scEoyiR_wsI

I'll do what Mom and Dad tell me, "make sure to clean your room!"
They give me this and give me that, it's cold outside, here comes a hat!
My name is Ferris the Great last name Gazoogadrake!
When papa wrote this poem for me, I couldn't hold a rake!
When I'm old enough to read this poem, I'll be big enough to use a broom.
I'll do what Mom and Dad tell me, "make sure to clean your room!"

Gazoogadrake- Continued:

And do your home work to!
I know they're thinking for me, thinking thoughts ahead of mine.
Those gifts are freely given with love as it's design.
Before I really know what's what,
they're putting food into my mouth!
They give me this and give me that, it's cold outside, here comes a hat!
These are some of all the gifts that now I recognize.
Things you feel but cannot see with the naked eye.
When I'm old enough to read these words, that "Papa" lovingly wrote for me,
I'll read them back to the Gazoogadrake and say I'll work for Free!
I'll do what Mom and Dad tell me, "make sure to clean your room!"
They give me this and give me that, it's cold outside, here comes a hat!

A Rhyme For You Is Due - https://www.youtube.com/watch?v=v5otS6wkC40
https://www.youtube.com/watch?v=vQRDCM-JmxA

You Oh you, A rhyme is due for you! You Oh you, A rhyme is due for you!
No matter what you do, I can do a rhyme for you.
How many should we do? More than 92!
For starters let's rhyme with you only you!
Maybe you are one and maybe you are two.
Morning dew on the grass the wind, it blew.
The color blue, Bleu cheese & Boo Hoo.
Chew to eat your food and Choo choo goes the train.
Clue, I have a clue
I'm sure that it's true.
You Oh You, You Oh You, You You,
Oh You, A rhyme for you is due. A rhyme for you is due.
You Oh you, A rhyme is due for you!
A ship has its crew a pool cue for playing pool.
It just might be used as a telescope to view.
If you draw or you drew,
you have something to show,
You might have many or just a few.
If you fly in a plane, I hope you flew
somewhere fun.
If your toy breaks you might need some glue.
Your Gardens in the summer they grew and grew the
Plants in your garden have color and hue.
You Oh You, You Oh You, You You,
You Oh You, A rhyme for you is due. A rhyme for you is due!
You Oh you, A rhyme is due for you!
After you know you can say that you knew,
that your cat went mew and the cow went moo.
The rooster sings cock-a-doodle do
and Pigeons coo they coo coo coo.
A Screwdriver turns a screw your foot goes in your shoe.
A Horse has a horseshoe but certainly not you.
Wash your hair with shampoo
You'll have a wonderful hairdo.
Eat a beef or veggie stew
or perhaps a fondue.
You Oh You, You Oh You, You You,
Oh You, A rhyme for you is due. A rhyme for you is due.

A Rhyme For You Is Due – Continued:

You Oh you, A rhyme is due for you!
You might learn how to play the Kazoo
or learn perhaps to do Kung Fu
if you don't clean your house, you might get mildew,
the Girl's name was Sue
so, you said, "how do you do"?
And through it all you were honest and true
the letter "U" you view it rhymes with Zoo.
You just might want to paddle a canoe,
Or enjoy some peanuts or yummy cashews
You Oh You, You Oh You, You You,
Oh You, A rhyme for you is due. A rhyme for you is due.
You Oh you, A rhyme is due for you!
We just might want to debut this song for all of you
There's much more I could accrue
but for now I bid adieu.
The value of this song is for you to decide
I hope that you won't let it hide!
You Oh You, You Oh You, You You
Oh You, A rhyme for you is due.
A rhyme for you is due

Below My Nose - https://www.youtube.com/watch?v=3t1znSI9qEE
https://www.youtube.com/watch?v=OBIGS7GvM3k

Below my nose and above my chin is where the food goes in!
Below my nose and above my chin is where the food goes in!
Behind my lips are my teeth and tongue.
They work real hard while having tons of fun.
Someday my mustache will live up there
But now as you see there is nothing there.
Below my nose and above my chin is where the food goes in!
Below my nose and above my chin is where the food goes in!
My mouth is sitting in the middle
and at times it just may dribble
The food slides off my upper lip
into the cup it drips!
And if I slip on what I should sip
That's called an unfortunate trip!
Below my nose and above my chin is where the food goes in!
Below my nose and above my chin is where the food goes in!
My teeth do the chewing,
and my tongue does the tasting
when I swallow yummy,
It's so yummy in my tummy.
My body grows so big and strong
Healthy food will help you live very long.

Below My Nose – Continued:
My mouth is sitting in the middle
and at times it just may dribble
The food slides off my upper lip
into the cup it drips!
And if I slip on what I should sip
That's called an unfortunate drip!
Below my nose and above my chin is where the food goes in!
Below my nose and above my chin is where the food goes in!

From small to tall and in between, from young to old perhaps a teen.
All you really have to know, is where I do my 'round the clock show.
I run and run and run some more,
feel free to take my stuff to store
inside your fridge to keep it cool,
perhaps while relaxing around your pool,
or sitting on your favorite stool,
to use it when you need it most,
to even make a mutual toast,
for you who can have the ultimate most!
To even make a mutual toast
for you who can have the ultimate most
I never ever really get tired,
I will never ever really get fired.
It's never ever too late for sure,
just have a glass 'cause it's so pure.
This product that I serve, you know, is good old H2o

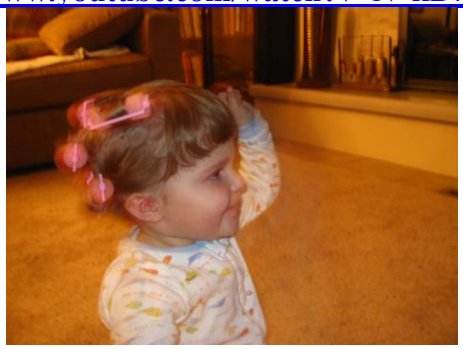
Curlers In My Hair - https://www.youtube.com/watch?v=XrLlrucISLs
https://www.youtube.com/watch?v=N_kB7udcXGk



For the very first time I've got curlers in my hair.
They really look goofy, grandma put them everywhere.
Do they stay or do I take them out,
I feel like I should really shout!
I've been told that when it's all complete,
I'll feel like dancing all in the street!
Will my hair flow like a waterfall,
or will it bounce like a rubber ball?
Will my hair spring like a springing spring,
or will it swing like a swinging swing?
For the very first time I've got curlers in my hair.
They really look goofy, grandma put them everywhere.
Should I wear my very best dress and put on my dancing shoes?
I've been told if I do all these things, I won't be singing those Blues!
So, I decided I would listen and do what Grama suggested.
But first I took a little nap, so I could be well rested.
For the very first time I've got curlers in my hair.
They really look goofy, grandma put them everywhere.
I'm glad I did cause when I awoke, I had nothing to worry about
My hair was beautiful beyond my dreams with Joy I really did SHOUT!
Give me my best dress and my favorite dancing shoes!
I did it all and now I'm singing, what a wonderful new hairdo!
For the very first time I've got curlers in my hair.
They really look goofy, grandma put them everywhere.

Dancing In The Park - https://www.youtube.com/watch?v=3VlKJ7Nk9gc
https://www.youtube.com/watch?v=hrOkTeMBxkI

I'm Dancing in the park, with my horn up in the air,
4 kids are playing 'round me as if I wasn't there.
They're doing the Hula-hoop, they don't want to let it fall,
This kind of day and weather is to be enjoyed by one and all.
If you're looking and not doing what your spirit says to you,
Then it's time to shake it out and find your own boo-ga-loo.
Mine is playing horn and dancin' in the park,
this is something I could do, till way after dark!

First Day Of School - **https://www.youtube.com/watch?v=BJfEbvLzA3w**
https://www.youtube.com/watch?v=p8d14WLSQoA

It's my first day at school, I didn't know what to expect.
My book bag is so big, it stands almost to my neck.
The smiling car picture is exactly how I feel,
red hot, white buggy eyes and teeth for a grill.
It's my first day at school, I didn't know what to expect.
My book bag is so big, it stands almost to my neck.
My lunch box is full of power to eat,
no wheels for this kid, just my busy feet!
I might look like a bee, with my black and yellow stripes,
rest assured it's just little ole MEE!
No need to worry about how the day will go.
You are looking good and that's all you need to know.

I Have A Favorite Lollipop - https://www.youtube.com/watch?v=4BTRn5StnJg
https://www.youtube.com/watch?v=xc0lLFALFbw

I have a favorite lollipop, I know it won't last forever,
It tastes so yummy to me, I can't let it stick on my sweater.
But while it's here, my hands and mouth will work real hard together,
to make real sure my tongue and lips will savor this wonderful flavor.
The couch is just the place to be,
to taste the fruit-a-licously,
red ball of sweets on a little white stick, given just to me.
I have a favorite lollipop, I know it won't last forever,
it tastes so yummy to me, I can't let it stick on my sweater.
I promise not a sticky spot or a dot on the couch you'll find,
'cause if I did Grams promised me, she'd not be quite as kind.
Lessons learned are those best earned by doing and listening well.
With this, my first Lollipop in hand, I think that you can tell.
I have a favorite lollipop, I know it won't last forever,
it tastes so yummy to me, I can't let it stick on my sweater.
I choose to listen to learn the lesson to earn it the easy way,
When this one's gone, I'll see if Grams has another for me today!
Sure, enough it worked out great the Lollipop was fun,
I kept my promise the couch is clean, I want another one!
I have a favorite lollipop, I know it won't last forever,
It tastes so yummy to me, I can't let it stick on my sweater.

I Owe A Tree Some Poetry - https://www.youtube.com/watch?v=rv652nSa_R0
https://www.youtube.com/watch?v=SMJHqz5WsO8

I owe a tree some poetry,
you stand so tall so firm and free.
Your trunk so big so thick and strong,
your limbs reach out so far so long.
Your leaves they shade and paint the sky,
with so many colors that fill the eye.
I owe a tree some poetry,
you stand so tall so firm and free.
Each leaf a tiny delicate brush,
painting dances and games in a secret hush.
Your branches like fingers spread through the air,
in search of light, wind and rain and all that is fair.
From the tallest to the smallest, trees have their own poetry,
From the tallest to the smallest, I write for them and they grow for me!
I owe a tree some poetry, you stand so tall so firm and free.

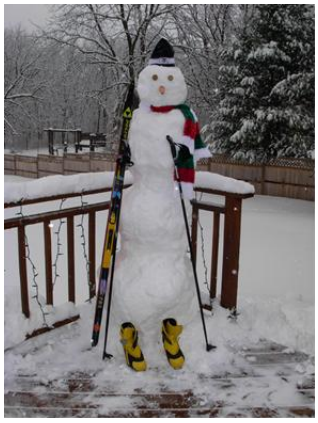
Lipstick For The First Time - https://www.youtube.com/watch?v=g5ecYtiWkLs
https://www.youtube.com/watch?v=dV-vfik8-NI

Lipstick for the first time, I think I missed my lips.
I didn't know where it was supposed to go, so I used my fingertips.
Lipstick for the first time, I think I missed my lips.
I didn't know where it was supposed to go, so I used my fingertips.
I loved the color so very much, in that way cool container.
It felt so good just smearing it on, good golly Mom says, contain her.
Who cares that it went everywhere, it was really, really cool.
So, what if I used my fingers tips for the applicator tool.
I could feel the color brighten my face, from my chin to my forehead.
So, what and who cares, that my face is now all red.
I'm havin' the time of my life
It was just the thing to do, just to do the thing I did.
'cause I'm really just a kid!

Little People Waltz - https://www.youtube.com/watch?v=kU7FQ5jQVts

When it comes down to it, you see there is no real difference.
When we gather around you can tell that we're all the same.
If you're tall or you're small, you still have your feelings to deal with,
if you're rich or you're poor, you still gotta work for more.
I happen to be quite short to me I really like it.
It takes less water for me to shower in the morning.
My shoes are much cheaper than yours, because I buy the kid's size.
I sing this song for you the Little People Waltz.

Mr. Snowman - https://www.youtube.com/watch?v=UqTyPBdx6aM
https://www.youtube.com/watch?v=92hOEz6izHM



Hey Mr. Snow Man did you know your made of snow?
No, I didn't, I really didn't, How can you tell how do you know?
Well for starters, you should be cold
or at least chilly I've been told.
I'm not cold at all, I feel just right,
on sunny days or star lit nights.
Gosh I love your scarf and hat! Maybe that's what keeps you warm.
I'm so big and round and tall and fat. Maybe that's what keeps me warm.
Those yellow boots and carrot nose. Maybe that's what keeps you warm.
I can stand forever in that happy pose. Maybe that's what keeps me warm.

Mr. Snowman – Continued:

Maybe all, maybe none.
Keep in mind it's just for fun!
What do you mean by all those things,
Don't I look just like you?
Well not quite exactly, you're someone special and very new.
You have skis and ski poles standing right by your side.
Any second now down the hill on your skis you could glide!
What if I fall? Will I bump and rumble tumble?
Who would I call? Will I make the earth grumble?
Maybe all, maybe none.
Keep in mind it's just for fun!
Hey Mr. Snow Man did you know
your made of snow?

Now that we've established that this is Mr. Pickle's Ukulele, let's sing happy Birthday. Everyone say YhaL *YhaL*

Did you know that Growing old is inevitable but Growing up is optional? *No Mr. Pickles*. Well how old are you?

I'm 3 years old Were any of you kiddos ever one? *Yes Mr. Pickles.*

Did you know that when you were 1 you were One-derful?
When you're 2 you're 2-derful,
when you're 3 you're 3-derful
and when you're 4 you're 4-derful
and when you're 5 you're 5-derful,

Oh, my goodness and guess how old Mr. Pickles is!
I'm 150 years old! Oh no just kidding!

Well. When you kids grow up and decide to get married, I'm going to play for your wedding and perhaps every birthday in between!

Is that OK? *Yes Mr. Pickles*

I'll play for free and if that's not good enough I'll pay you $1,000! Now that's a deal! Wow! Next I'm going to do a very special thing, I'm going to sing some special songs for your special teachers because they are especially wonderful to and for all of you kiddos!

1, 2, 3 Miss Lori has a story to tell all you kiddos it's her we adori,
she is full of so much glory.
1, 2, 3 Miss Michelle is really swell, Miss Michelle can ring a bell,
Miss Michelle will never yell Miss Michelle won't mispel.

Well now Mr. Pickles Ukulele has to lay down for a nap.

Do you kids ever lay down and take naps? *Yes Mr P* Mr. Pickles sometimes has to take a nap and just in case Mr. Pickles doses off and takes a nap during the show, I need for all you kiddos to yell out as loud as you can,

Wake up Mr. Pickles! Well let's try it! *WAKE UP MR. PICKLES!*

Wow that was really great, there is no way anyone could sleep thru all of that wonderful noise! Snore ZZ Snore ZZ *WAKE UP MR. PICKLES!*

Oh, thankyou so much for waking me up I just want to make sure I'm here for the entire show. I wouldn't want to miss it! I really love entertaining for you kiddos. But you know you do wear me out and at the same time you give me tons of great energy!

Mr. Pickles Routines – Continued:

Hmm I wonder what's in this green bag? Is it a golf club?
Maybe a Baseball bat? How about a broom to clean your room?
Do you ever clean your room? Do you ever clean your room with a broom?
Should you clean your room with a broom? Does your room ever get dirty?
Is your room ever clean? If it does get dirty did you get it dirty? *NoMr.Pickles*
Well let's see what's inside the green bag!
Play trumpet So tell me what is that sound? *A Trumpet*
You're right, it is a trumpet, I think, but if it is a trumpet
do you kiddos want to see the trumpet? *Yes Mr. Pickles*
Well let's find out for sure. I'm going to sing a little melody, and I want everyone to sing along with Mr. Pickles, some of you will know this melody and then I'll slowly pull the bag away from whatever it is inside. Here we go!
Abcdefghijklmnopqrstuvwxy and z, now I know my ABCs
let's all find out what's in this green bag for you and me!
This is Mr. Pickles golden trumpet, wow it's beautiful.
Did you know that every song ever written in the lifetime of man has a first note?
And there are probably over 100 million songs! AND every word has a first letter.
AND every day has a first moment.
AND every meal has a first bite.
Well, I'm going to play the first note of one of those many songs and I want to see if you can guess what the name of that song is. Here is the first note! *Play the note*
Do you know the name of the song? *No Mr. Pickles*
OK then show me 2 fingers
and everyone say, Mr. Pickles Give me 2! *Mr. Pickles Give me 2!*
Play the notes. Do you know the name of the song? ? *No Mr. Pickles*
it's the same note OK,
show me 3 fingers and everyone say, Mr. Pickles Give me 3! *Mr. Pickles give me 3*
Play the notes. Do you know the name of the song? *No Mr. Pickles*
Once again, all 3 notes are exactly the same OK show me 4 fingers and everyone say, Mr. Pickles Give me 4! *Mr. Pickles Give me 4!*
Play the notes. *it's Jingle Bells* Great you guessed it! It's Jingle Bells, just for fun let's all sing and play Jungle Bells.
1, 2, 3. Dashing through the snow in a one-horse open slay
Or the fields we go laughing all the way. Bells on bob tails ring making spirits bright.
What fun it is to ride and sing a sleighing song tonight!
Jingle bells, jingle bells Jingle all the way
Oh, what fun it is to ride In a one-horse open sleigh, hey!
Jingle bells, jingle bells Jingle all the way
Oh what fun it is to ride In a one-horse open sleigh.
I love dreaming! Sometimes at night when you dream you don't always remember your dreams when you wake in the morning.
So, I prefer dreaming during the day because then that way I'll remember my dreams and make them come true!
Just like being here with you, which is one of my most favorite dreams I've ever had.
I must admit I'd be bored if I didn't go just a little bit overbored!
Are you original? Is there anyone else like you? Is anyone ever really like you?
Does anyone like you? Of course, everyone likes you!
And there is no one just like you! That is what makes you so very, very SPECIAL.
From my heart thru this brain this is one great big choo choo train!

Mr. Pickles Routines – Continued:

Are you here or are you there? Am I here or am I there?
If I wasn't here, you wouldn't see me, well from you, I'm there.
But from me, you're there. Can we both be there? Can we both be here?
Alright All you kids say imagination! *Imagination!*
Do you kids have an imagination? Of course you all have wonderful imaginations!
Just imagine if imagination was imagining what imagination would be and what that image might look like! Can you imagine that?
Well listen how Mr. Pickles says imagination and watch!
I-M-A-G-I-N-A-T-I-O-N
Oh my goodness was that in slow motion? *Yes Mr. Pickles!*
Yes it was! Do you kiddos ever do anything in slow motion? *No Mr. Pickles*
Do you kiddos ever do anything in fast motion? *Yes Mr. Pickles!*
Reading is not just words! It's reading peoples' faces looks and feelings.
What grade are you in? I'm not in school in a building. My school is now everywhere.
I learn so much from all of you kiddos. I'm in the school and grade of life!
This says, Mr. Pickles To Do List To Do Today.
Do you have a to do list to do today? *Yes Mr. Pickles*
Do your parents have a to do list to do today for themselves?
Do your parents have a to do list to do today for you?
Do your teachers have a to do list to do today?
Do your teachers have a to do list to do today for you?
I bet they do! Take a look at Mr. Pickles to do list to do today!
Do any of you kiddos have a nickname?
Well, I do and my nickname used to be pickles
when I was just a little kiddo just like you.
I got my nickname because I loved the sweet crunchiness of those wonderful pickles.
Well, as I grew up, if you call this growing up, we changed my name to Mr. Pickles!
Do you know what a pickle was before it became a pickle? *No Mr. Pickles*
Well, it was something that started with the letter C and it's not candy, Car, Carrot, Choo Choo Train, Carpenter, Carpet, cash, castle, cat, cattle, cave, ceiling, chair, chicken, cheese, chocolate, concrete, cookie, corn, cotton or even a cow!
It's actually a cucumber! Everyone say cucumber! *cucumber!*
Look at Mr. Pickles Yodeling Pickle! Take a listen! Wow that is truly amazing!
This pickle is yodeling! I'm going to teach you kiddos how to yodel!
And I promise it will be a lot of fun and very easy!
Let's start with saying the vowels. Repeat after me A – E – I – O - U.
Now repeat after me, say Yadle, Yedle, Yidle, Yodle, Yudle.
Next thing to do is to find what they call is a break in your voice
from where it goes from low Dah to high voice Ah.
Now when you string them together they sound like this!
Dah Ah Ah Ah. Then add some melody to it and a little different rhythm and this is what you have! *Yodeling sample*
Now just for fun Listen to Mr. Pickles sing some Scat jazz riffs,
that's right the word is Scat!
SCATTING Now I know that might sound a little complicated, but I'm going to take it apart for you, one little riff at a time so you can hear it.
Feel free to try some of these on your own. But again, first listen carefully.
I'll do it one at a time. Here is the first one…!
and here is the second one…!
And here is the 3rd one…!

Mr. Pickles Routines – Continued:

Here is Number 4…!
Last but certainly not least
here is the longest one…!
Now in addition to what I just did listen to these other Scat syllables that Jazz Scat singers use.
Bah, bee, bop, Bot, bu, bup, Dah, dee, dit, Doodle-n, doot, doot-n,
Dop, dot, dot-n, Dow, du, du-ee-ah, Duh, dup, dut, Dweedle-ee, oh, sha, Shot, shu, shwee, Sku, skwee, vah, Ve, zee, vop, Vu, wee, wha, yah, Yot, zat, zee, Zigga, zippity, zobba, Zobbidy, zog, zoom, Zot, zow, zu, Zuzu, zwee, zwit and Zwoot.
Here is Mr. Pickles golden Trumpet,
but now I'm going to show you what the trumpet sounds like with mutes in it,
Here we go, listen to the first one, this happens to be my cup mute.
Now listen to my Harmon mute. Do you hear the difference? It's very different.
Now listen to my Harmon mute with the Wa Wa feature. Wow that's even more different! Now take a listen to this!
That is truly as fun as it gets!
This is Mr. Pickles Fluegel Horn it looks a lot different than my trumpet
and now listen as it sounds a lot different as well. It has a warmer sound.
Now take a look at my little teeny weeny Pocket Trumpet,
wait until you hear this little guy he really sounds great.
And finally, last but certainly not least is my Bugle. You'll notice this has no valves on it at all.
As I'm sure you've noticed, all of my trumpets and all of my mutes have a different sound,
and that's no different than all of you kids. All of you kids have a different spirit and a different sound
and a different attitude and a different wonderful you that's what makes you so special.
Every horn every mute that I use has a definite different sound and use.
I love different sounds, besides my trumpets and my mutes some of my other favorite Sounds are: a Chicken, Dog, cow, horse, pig, sheep, elephant, lion, cat, bee, fire engine or a police car, car horn, applause, snore,laughter, crying, jet plane. Motor Cycle, Rain and Thunder.
We most certainly have shared a lot today. I trust it has been as much fun for you as it has for me! I know for sure I will never forget the wonderful time we spent together.
See you again real soon! Bye Bye for now!

Twigs Between My Toes - https://www.youtube.com/watch?v=ou0an4mxzb4

I put twigs between my toes, what a crazy thing I've done.
As I walk around there sticking out, my feet.
I put twigs between my toes, what a crazy thing I've done.
As I walk around there sticking out, my feet.
My toes no longer touch the ground, my heels do all the work,
My balance is really totally up to me, My me, My me.
My toes no longer touch the ground, my heels do all the work,
My balance is really totally up to me, My me, My me.
I lay down in the soft green grass, my hands and feet pointing to the sky,
I imagine that I'm Mr. Tree where all the birds like to fly.
I lay down in the soft green grass, my hands and feet pointing to the sky,
I imagine that I'm Mr. Tree where all the birds like to fly.
Come make a nest and sing your song, for I am Mr. Tree.

Birthday Blues - https://www.youtube.com/watch?v=vuWZX3D5d-s
It's my Birthday, it's my Birthday, it's my Birthday, it's my Birthday.
Give me the Birthday Blues.
Another year gone by another tear gone dry,
well it's my birthday.
Another fear says, "bye" my life's in gear and I'm high,
It's my birthday.
Give me birthday hugs and kisses,
that's really what I wishes
On my birthday.
Well, I like to drinkin' wine
and the music feels just fine,
and the Lord knows for sure that the world is all mine.
On my birthday, it's my birthday.
Give me birthday hugs and kisses,
That's really what I wishes on my birthday.
People say I'm getting' old,
well I insist they must be told.
That with age comes a capacity
to make love in winters cold.
On my birthday, it's my birthday.
Well give me birthday hugs and kisses,
that's really what I wishes
On my birthday.
They say 2 girls are better than 1
and 3 is better than 2
If I had 4 I'd close the door
and never beg for more!
On my birthday, it's my birthday.
Give me birthday hugs and kisses,
That's really what I wishes on my birthday.
Give me birthday hugs and kisses,
That's really what I wishes on my birthday.

That moment of your kiss can never be described
with words alone.
So, to you I write this song in the hopes you'll find my soul
in the hopes you'll find my soul.
Come with me now, oh won't you please,
Join in my world, with just one squeeze.
Make me feel whole, let me feel you,
I'll make you feel whole, I'll let you feel me.
Come sing our song, it's for you as well
It's for who listens and who needs to tell.

with all that we say but can't do,
I'll never stop lovin' you.
In different places we are, like the north and south pole,
will they ever really meet,
Well God only knows,
will they ever really meet,
well God only Knows.

I'll Never Stop Lovin You – Continued:

The dance of love that's done, is for us and us alone,
but will they ever finish the song,
It's up to you and me to say,
but will they ever finish the song,
It's up to you and me to say.
If you left me without a touch, It would be like fall without beautiful leaves,
I couldn't live my life that way, I couldn't live my life in grey,
I couldn't live my life that way, I couldn't live my life in grey.

Let's Start Over - https://www.youtube.com/watch?v=reK57xoB4qQ

Come with me take my hand let's start over, forget the past 'cause tonight we're in love.
Close the door turn the key don't look back, forget the past 'cause tonight we're in love.
Dancing upon a cloud making this feeling last,
sharing this moment with you this is for real at last.
Promises sparkling new for the two of us,
thoughts of love all held close to our hearts.
Dancing upon a cloud making this feeling last,
sharing this moment with you this is for real at last.

Our Love will Stay - https://www.youtube.com/watch?v=aJ7ZCmSbt4o

The rhythm of life will never stop beating, as long as we know we've got each other.
The seasons will change no matter what we do
Our love will stay and remain the same our love will stay and remain, the same.
It's time to be close and loving towards each other
It's time to give so that we can receive
The endless array of things in our lives
Our love will stay and remain the same, our love will stay and remain the same
Our love will stay and remain the same, our love will stay and remain, the same.
As we walk along the road, good times will come and go
Our love will stay and remain the same, our love will stay and remain the same
Our love will stay and remain, the same
As we grow older, we must grow together,
parts of us always want to escape,
Like branches of trees that reach out from the center,
So will our personal lives ever be
Our love will stay and remain, the same
The need to always explore yourself is always present
Don't ever forget who you really are
Remember who loves you, I'll always be there
Our love will stay and remain the same, our love will stay and remain the same
Our love will stay and remain, the same

Prisms - https://www.youtube.com/watch?v=2ulwgzEe9vY

Despite all the words that we said on the day of our goodbye.
There's just one more little thing that I have to say to you.
I saw prisms in your eyes of blue, they said that we were through,
I never really cried too hard, 'cause I knew it from the start
You loved someone else all the time and you know how long that I tried
to make you love only mine, we know it's our last goodbye!

Santa Won't You Celebrate - https://www.youtube.com/watch?v=AFCLlXDCjCY

Santa let's all celebrate, it's a birthday, it's a birthday.
Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Donner, Blitzen, and Rudolph.
It's Christmas time in our loving home I've seen it before.
I'm not really sure what it means to me, I'm only four Years old.
When Santa comes on Christmas morn,
we leave him cookies and milk and,
Hope he'll leave behind for me the toys I've dreamed of all year.
I see Santa's big red sled and 9 Reindeer with Rudolph leadin' the way.
Santa will be landin' on my roof tonight
and he'll slide down the chimney with care.
He will empty his big red bag full of toys under the tree
for my family and me.
Santa takes his cookies and milk,
Finger on his nose zoom up the chimney he goes,
to the top of the roof for his sled.
Dash away, dash away all.
Santa let's all celebrate; it's a birthday, it's a birthday!

These Are The Best Of Times - https://www.youtube.com/watch?v=_vEZDGWxW4Y

These are the Best of Times we have and these are the Best of Times you know.
These are the Best of Times we have, These are the Best of Times, These are the Best of Times.
Love to live my life with you and have fun the whole day thru,
skippin' stones in the summertime on the lake be-side our home.
Love to live my life with you havin' fun the evenin' too
we would cuddle by the fire and dream the night away!
These could be the best of times ours could be the grandest life,
If we just decide to make it happen.
Against the odds we'll make it through
I tell you darlin' I love you,
Our lives will never be the same again, These are the Best of Times we have
Our lives will never be the same again, These are the Best of Times we have
Our lives will never be the same again,
These are the Best of Times we have and these are the Best of Times you know.
These are the Best of Times we have, These are the Best of Times, These are the Best of Times.
You need to know from me the things I love about you,
well that's easy to say it's everything you are.
And now that we've found ourselves there is no turning back
though it's difficult at times we are in each other's blood.
These are now the best of times, ours are surely the gift we need,
We followed our hearts and now we made it.
Against the odds we made it through I tell you darlin' I love you,
Our lives will never be the same again, These are the Best of Times we have
Our lives will never be the same again, These are the Best of Times we have
Our lives will never be the same again.
These are the Best of Times we have and these are the Best of Times you know.
These are the Best of Times we have These are the Best of Times, These are the Best of Times.

Whisper https://www.youtube.com/watch?v=FIRF_-l4wq0

I saw you there and now you're far away,
I saw you there but now our lives have changed.
I saw you there the time is now too long
I saw you there and now what's left for me but a whisper.
I still recall the days that we would share,
They sparkled through the light and evening air.
We'd love each other till we could love no more,
we both felt sure that ours would last and last,
and last and last now there's nothing left but a Whisper.
I've learned to live without the love we had;
My heart is somewhere else and not as sad.
I've learned to understand life's many turns,
So now I live the life I truly love, I truly love
now there's so much to hear in a whisper.
The life I truly love I truly love
now there's so much to hear in a whisper.

Always With You
Come along and sing our song I wish that you were always with me.
Spend my time the way I like, lovin' life and writing music.
Come along and sing my song, I wish that you were always with me.
Play hide and seek with my son, pillow fights, oh what fun.
Hope it lasts forever, but I know it won't,
so I'll take it in, let it fill my skin,
from the day of birth,
get my money's worth
get my money's worth.
Goin out to play some pool
with my son, don't you know
Ridin' down the avenue
I wish that you were always with me.

Are you here or are you there?

If I wasn't here, you wouldn't see me,
Well, from you, I'm there.
But from me, you're there.
Can we both be there?
Can we both be here?

Baked Beans Christmas 2003
Food was discussed for Christmas dinner
with no concerns of getting thinner.
Mom suggested baked beans, OH YUMMY.
But I was afraid of my little tummy.
I was chosen to bring beans to the table,
O.K I am ready, willing and able.
Well, a week went by, and the menu was done,
Mom said, oh no, beans aren't my kind of fun.
They don't make me happy they make my night snappy.
May your Christmas and new year be happy!
Lord, please forgive me for missing Mass,
but this family has just too much GAS!

Beauty Sleep - https://www.youtube.com/watch?v=ktEYpwxnzvc
Ya need to get some sleep for your beauty, it's your duty,
ya got to get your creative time in.
Under blankets on your pillow with your jammies and nighttime booties
Your dreams will keep you warm and very thin!
Ya need to get some sleep for your beauty, it's your duty,
you can be or go anywhere you like.
Be a plane or a bike, since you were a little tike,
sing a song that really rocks and be a cuty!
Your dreams will take you there if you like!
Take a hike, fly a kite, do all and anything you might,
while you're deep into your personal private sleep.
Those dreams that keep you creatively young
keep you living and having fun
it's the beauty of that sleep when you're dreaming and skeeming
that you will forever love to keep!
You can be anyone in the world.
Got to get your creative Beauty sleep.

Blank Page - https://www.youtube.com/watch?v=dYd29uI38dM

My mind is a blank page at times, which is good.
It allows new stuff to walk in and hang around like it should!
Or perhaps pass right through for someone else to view
and for them to think that it's theirs and that it's new!

Update it, create it and send it to me,
and oh how happy I will be!
The boats will be floating,
the piers will be peering,
and the music lovers will all be cheering.
The sails will be sailing,
the sellers will be selling,
to buyers so hungry and willing
to purchase an item that fills their driveway
for the family to use for a hot summer day.

She looked at me
and said in chipmunk,

It's the first one that we can't undo.
How lucky for us that we all are here

December Love
I met you when my life was low,
You were to me a star in a summer snow.
We sat and talked about foolish things,
While deep inside we knew it wouldn't last.
Time and time again this happens to me,
I meet a girl that is not right for me,
real for me, woman for me, true love for me.
She told me things that I took with me,
I gave her spring from there she raised her mast.
We set to sail our separate ways,
The wind did fill our sails that day.
Time and time again this happens to me,
I meet a girl that is not right for me,
real for me, woman for me, true love for me.
So off I go remembering when I had a chance
to have a December Love.

Deduct
The only thing I'm gonna' deduct from you
is what you said,
"You can deduct" now that "You can deduct" it has been deducted,
there is nothing more to deduct!
One could and should deduce
that from this deduction of a suggestion
to deduct anything from anything
is deliriously full of deliriousness and delirium!
So, don't even think about it!!!!!!!!
End of thought, Zip Zero Nada!

Deer oh Deer
Deer oh Deer what have you to fear?
A man in the woods drinking beer?
It's good that men don't really drink here
'cause if they did, they'd get shot in the rear!

Did You Ever Have A Poo

Did you ever have a poo that did not know what to do?
Yes, I have, Oh I had and it really made me mad!
Did you ever think that poo would ever do this thing to You?
No, I never, ever did I think that I could not be glad.
Did you talk to Mr. Poo?
Did you ask if he could do all the things he's supposed to do,
So, he could do what he should do, which is to let that nasty poo,
leave from the bottom of dear you?
I'll have a chat with that fat cat and make him understand
that if you stick around too long it's you I'll reprimand.
No food, no drink to help you think. All I'm really needing now,
is for you to finally show me how And give me the stuff that stinks!

Dinner Guests - **https://www.youtube.com/watch?v=tVQ4zIIXqNA**

Welcome to our dinner guests, the two of you I see,
I hope you haven't joined us, just because the food is free.
We'll chat and laugh, we'll show you 'round,
outside, inside, up and down.
While at the table in our chair,
a joke or two I'm sure we'll share.
I'll laugh at yours, you'll laugh at mine,
while savoring this free food Ah so divine.
Cut it, fork it, spoon it up, chew and taste the taste,
Lori is the one Jazz Chef, don't let anything go to waist.
The flavor of the food is Lori's, the love is freely given,
The only thing that could be better, is life in Gods great Heaven!
Now when you leave from here today, it's appropriate to say.
The time we spent was oh so well worth it and next come our way!

Doin'

I'm doin' this now to get it out of the way 'cause there's way too much to say!
The rest of this one is for you to write in your own special little way!

Drake Cruise 2009 Gale, Tanner

Michael this is rhyme time:
The 2nd annual "Gale Force"? Please talk to me!
Last year the trip was really great! And still totally Free?
I won't charge you if you won't charge me for haven' a great time,
the only thing we require of you is to bring one hell of a good rhyme!
Michael:
So, when do we cruise? Who pays the dues?
Who's blowin' the wind in the sails?
I'm more than willing to blow my horn
for the girls but not the males!
Tom:
When do we Cruise?
It's not for me to Choose.
Kerry is to make the call,
but alas, she has dropped the Ball!

Michael:
I'm ready willing and oh so able to be part of this fine cruise.
If a call is all that is really needed, I'll yell from my kitchen table!
or
I'm ready willing and oh so able to be part of this fine cruise.
If a call is all that is really needed, I'm willing to pay my dues.
John:
Well, well, at last we've a date
a crew of six, each of us and a mate
Let's all hope the weather is fine and now,
Captain Tom, just tell us what time
And, again, I assume we will bring lots to eat
I remember last time that was such a treat
We'll all arrive with a smile on our face
Are we departing this time from the same exact place?
Michael: Deck Hand Drake AKA "Pickles"
J tanner, what manners, a demeanor, of sorts.
T Gale, won't fail, which port?
Which pail? The food, the lady's, the floating,
no bloating, the time, is all, I need, hey Dude,
John:
I've tried, my friends, to resist the lure of responding in both rhyme and verse
But now I shall, though I assure, to mold it's form concise and terse
I've consulted our calendar, now and distant, and do attest that this is true:
Any weekend day is fine with us as long as it works for you.
Michael:
Yo dudes and dudettes
8/23 lest I forgets,
is good to cruise
and peruse.
The only time constraints,
if there are no complaints
is no sooner than a Nooner please don't refuse!
Michael:
Things have changed,
they've been re-arranged
for better or for worse.
No time constraints
alas no complaints,
oh, how I love writing verse!
Tom:
I feel like I'm reading Shakespeare.
Michael: AKA Drakespeare
Did Shakespeare ever sail? I must admit, I'm not in the loop.
But if he was, I'm sure he would exponentially expound
about some kind of multi-beaned, seasoned to perfection, stick to your ribs SOUP!
Profound I'm not,
I found I'm not
a Pro but what the Hell anyways I'm all ready to go!

Kerry:
Me too! Looking forward to this next adventure!
Tom:
Drakespeare!?!!! I love it! Saturday August 23rd at 1pm it is. Same pier, same dock as last year.
Michael:
We'll see you all then,
at the known where and when,
sporting my balancing shoes-ers.
My feet will be hands hanging on to the deck, sharing drinks and good times with yous-ers!
The boom of a boom on the back of a back will certainly not be part of the party,
But if, by chance it happens to happen feel free to call us all Boozers!
So here we are on #2 with 4 instead of 6!
As long as we can go #1 we'll still enjoy the mix!
Well, what do you know we're now a crew and captain of lucky seven!
With warm weather like this one could never go amiss!
Thank goodness I didn't have to take a piss!
Cruise 2009 was simply divine Relaxation great food from the chef!
The wine to drink and the incredible sunshine to enjoy,
I would have preferred a personal presentation of the repetition
and re-iteration of all of our communication But WHAT THE!!!

Drakespeare
I've been dubbed ye old Drakespeare,
For Lumspeare it's quite clear.
T'is quite appropriate, for the Pirates we are
of words and illos that have brought us thus far,
to add length to our simple namous,
'cause in our minds we are quite famous!

Druthers
I'm sure I do they're in a box mixed with many others,
I'll report what you report unless you have some druthers!

In your case, no perception, no deception, all reality! No ego! No Jerk!

Grand Canyon

When do you go to the Canyon so Grand?
When do you leave for that incredible land?
The place where there is endless space,
the place, if one could read your face,
would be full of wonder and thoughts of thoughts of grace
and of those who thought the same as you?
Things and times that are here, were once new.
Very old for life and more than one could view
in a lifetime spent looking and feeling it with the likes of you
and by so many, not just in one place to know of this incredible hue.
In a lifetime spent looking and feeling it with you.
The many there is not one place to know
too many to see, not enough to show.

Great Vacation

For a truly great vacation,
let's tour our own great nation,
this brave land and homes of the free. It truly is a great vacation,
to drive all over this wonderful nation,
this land and home of the free. To feel and see the ground move under me
I left in ecstatic elation,
leaves me in complete elation.

You're not a Shady little lady,
but a Greaty little lady
and a Lotta inspiration to us all!
You're the one that has the fun
when you grab a cinnamon bun
as you dance in your new home, down the hall.

Greed

The need to feed one should not impede
unless need turns into greed.
To provide for family is what we do,
but retaining a balance of how we pursue
The staples of life for kids and wives
will be learned when we're young and brand new!

Happy Easter To Your Keaster

Happy Easter to your Keaster, may your life be just divine,
Be cautious of boiled eggs you eat, you might end up, smelling of swine,
In one ear and out the other, Intellect is not retained,
In one end and out the other, IS what has remained,
The retention of the nutrients which enlarge our vast domained.
So, in review of consummation Please beware of your elation,
For 'tis the fun of the taste, that will expand your waist.
Happy Easter to your Keaster
And may you now enjoy your FEASTER!

Heaven - https://www.youtube.com/watch?v=npqNZQ3ssZg
https://www.youtube.com/watch?v=npqNZQ3ssZg

There's a little bit of Heaven, in every drop of rain.
Just a little bit of love, in the times you're feelin' pain.
If you feel you're being covered and can't see the light of day,
let my poems sprinkle cheer on you, and you will see the way!
There's a little bit of Heaven in every ounce of pain.
Just a little bit of Heaven in the love that will remain.
It will pour out of your cloudy heart and drench the life you live
because getting is quite wonderful, but it's more wonderful to give!
Drip one drop at a time and hear rhyme after rhyme.
No pain will remain this time!

I can't eat any more, even if it's sweets!

I Didn't Study Philosophy

No, I didn't study philosophy: If I did, I wouldn't have been creative!

I Do Because I Can

I do because I can, and when I can, I do!
Why would a man not do what he can
when can is who I am?
A man can't always do what and when he can,
because he's busy doing what he can!

I Don't Have A Job!

If you tell me, you don't have a job

I Fixed It Right Away

You are such a pro, I fixed it right away!
You couldn't so I couldn't live with it looking, quite that way.
So yes, I fixed it, you bet your bippy I fixed it, I fixed it right today!
My thanks to you for all you do, in what you do and say!

I Found You - https://www.youtube.com/watch?v=nKSnzXS25BI
I was looking for you before I knew it was you that I needed to find.
To know that I was going to find out that by finding you
I found out that there was no more looking to do,
because I found you.
In the process of finding you,
who were at the time unfound to me!
Profound? Confusing? Let me clarify.
I was looking for you, before I knew it was you that I needed to find.
In the process of finding you,
who were at the time unfound to me,
I was full of hope, in a knowing fashion,
to know that I was going to find out that by finding you
I would find out that there was no more looking to do because I found you.

I Love Carrots - https://www.youtube.com/watch?v=Uoe0xjjDxIs
I love those sweet little carrots myself!
From the 'fridge door, who could ask for more
Grab a handful right off the shelf!
When they're gone, I'll go back to the store!

I Love Getting Older - https://www.youtube.com/watch?v=Q8ULCdybRFY
I Love getting older, because if I didn't,
I wouldn't be here today and
Oh, how I love being here with you!

I Love It HOT!
You can bet your bottom dollar,
Sure, as the sun is gonna rise,
one day I will not.
But till that time,
You can count on me to say
oh, how I love it HOT!

I love Those Little Carrots
I love those sweet little carrots myself!
Grab a handful right off the shelf,
From the refrigerator door, who could ask for more
When they're gone, I'll go back to the store!

I Only Want The Topping? - https://www.youtube.com/watch?v=laWxelsmsSU

I only want the topping
cause it really keeps me hopping
but when I get below the topping
I really can't stop!
It's the cookie underneath
that crunches with my teeth
And when there're gone,
My mommy will have to take me shopping!

I Promise - https://www.youtube.com/watch?v=YsykRCcLimM

I'm truly a pain in the bike seat!
I promise with every ounce of my promise
that lives in my being
to keep you from eating those sweets!

I Wonder - https://www.youtube.com/watch?v=OOhooCv3bhc

Yours and mine are not the same!

I'll bring My hula hoops
I'll bring my hula hoops and if you try a hoop or two,
I'll scoop into my pocket and show my thanks to you!
I cannot fill your bucket,
nor will I try to pluck it,
but when you're done,
return next year for all this crazy fun!

I'm 3 - https://www.youtube.com/watch?v=DVNcWNXr3h0
My name is Ferris Drake oh my goodness oh my wow!
I've been told I have a birthday, is it then or is it now?
Now that I know I have a birthday and I've been told that it is now,
What will even happen and who will show me how?
Will there be a big pow wow or will I ride a big, moo cow?

I'm 3 – Continued:

Will I sit high or very low, will I cut or will I mow?
Will I grow or will I sow, will I run or will I tow?
(Tube-launched, Optically-tracked, Wire command data link, guided missle) Or…
Will I drive a cool race car and go fast and really far?
I'm sure that something special, something special will happen soon. *Perhaps…*
spend time with friends and family at Betty Brinn, I'll sing a tune!

I'm A Rhymer - https://www.youtube.com/watch?v=7unh2uE8J0Q

I'm Back - https://www.youtube.com/watch?v=i3eKkB_rgLI

Or is my back around the corner following me until I'm found!
Every move that I make, I'll see where I'm going.
Every move that I took, you'll see what I'm showing.
The path the journey is ours to travel
the way it's done is yours to unravel!

I'm Coming Down With A Birthday 59 - https://www.youtube.com/watch?v=gtDBCh55EGg

I'm coming down with a birthday, but I don't feel sick!
I'm coming down with a birthday; I hope it's real quick!
I'm coming down with a birthday, which one should I pick!
I'm coming down with a birthday, am I Mick, Nick, Rick or Vick?
Do I have a choice which one it is and could I choose a previous one?
If I had a choice which one it was it would have to be one that was done!
They're all the same to me you know, just one after one after one,
As I eat a bun, Hope that I won, run with my son, write an intended pun
Feel the rays of the Sun, spend time with my Hon, Eat a ton of Won Ton that I won
And last but not least maybe none!
I'm coming down with a birthday, perhaps a wonderful picnic!
I'm coming down with a birthday, maybe a lollipop I'll lick!
I'm coming down with a birthday; it's going to be a real kick!
I'm coming down with a birthday, the clock will tic toc, toc tic!
Now on my birthday, I'd like to know like you
Of all the things listed that are good to do Which one I chose which one did I pick?
I guess on my birthday I'll eat CAKE till I'm really big and THICK!

My right hand is always leading to my left I'm always kind.
My left hand is not right 'cause my right is out-a-sight.
Until he turns the corner to find the left sitting alone at night.
Now if left is here and right is there why should we really care?
Except to know that left and right hold hands and never fight!

I'm Stuck with me - https://www.youtube.com/watch?v=22xu7sJdw4o

I'm stuck with me, how about you?
Do you watch and listen to the things that you do?
It's important to know the things you do and show
are the things that you're stuck with so you might as well make them GLOW!

If I Retire - https://www.youtube.com/watch?v=FYIA2944kHw
If I retire, I'll lose the fire for the things I love to do,
Like writing poems just like this one from me for all of you.
If I retire, I'll lose the fire for other things I've done,
Like playing music and entertaining and having just lots of fun.
If I retire, I'll lose the fire for things I've done in the past,
For it's those things that living now makes life a total blast.

If I'm gone
If I'm gone before one more look,
remember the past, but embrace the future.

If They Hear It

OO-La-La we are ready to go.
Floating on a boat, who would ever know.
Lots of sun, with no threat of snow
and when we return, we'll sport a glow,
A glow, oh yes, of our choice it was,
to hop on a boat, just because!
The two of you, so nice you are,
to invite us to float under invisible stars.
We'll board at 1 for visible fun,
our bags are now packed, we gotta run!

It's nice to have grammar friends like you that know when
"it's" is wrong.
A word is at its best when "it's" the correct its!

It's The Life That You Live

It's The Life That You Live, to your soul it will give,
Its dimension, ye-ye-e it's your life, don't give it away to anything foolish,

Joys of boys - https://www.youtube.com/watch?v=fGbICriqr-s

The joys of boys and the added noise
of feet on the floor and playing with toys.
Changing diapers and teaching words
retaining your calm when it's time to herd,
the entire family to the table to eat
to discover we have, completed the feet
to gather us all, a loving group,
to talk of life and enjoy some soup.
Gathered 'round, this dinner table,
8 ears, hands and feet, God willing we're able,
To clean our plates, we've been told is wise,
There are now 4 tummys gowning, two girls and two guys.
At first 4 eyes, sharing looks between bites,
then 6 with Tori now 8, what a site.
It is you young Ferris, no doubt you'll soon be,
chased by your parents to the toilet to pee!
Lift the lid, shoot straight, close'er up and flush,
out the door to play more, with your pals, in a rush.
Dessert was served, a long time ago,
when the chemistry of Adam and Becky did show,
That a match made in heaven, on earth to live,
was for them, this time, a boy to give.
A son for you, and a brother for Tori
will there perhaps be even more to the Story?

Joys of boys – Continued:

Ferris, for sure you are one of a kind,
especially when mom and dad must clean your behind.
What a wonderful thing, our family game,
with a son like Ferris, he could continue the name.
Yet again we will learn that our children teach us
that at the end of the day, no fuss no muss.
Two girls and two guys in this blessed family,
A balance of time is what it'll be.
Those 8 eager eyes giving love to life,
but it's Ferris who'll be looking for a wife.
Ferris, will you marry us? You could be a minister or priest;
Ferris, can you fix my car? Gosh I think it needs some grease.
Ferris, can you cure my pains? A Doctor you just might be.
A Ferris wheel has a wonderful ride; it seems to set you free.
But whatever star you choose to chase,
Your spirit will know its wonderful face.
A life that sets you totally free to run at your own pace.
Together and alone, you'll build this home, to live as a family.
Savoring those Moments that fly by so fast, the ones you love to see!

Just In Time - https://www.youtube.com/watch?v=60mc29C4KGU

I'm Mr. Pickles and I wrote these words down just in time.
If I didn't do it now, someone else would make them rhyme.
I have some little poems; I would like to share with you.
Just sit back and relax, let your imagination guide you through.
I thank you for your ears, both the outer and the inner,
because words are thoughts written down on paper for you from me the Grinner!

It makes it so easy to reader! I sat as a learner, you're the word discerner,
After years of hard work, it would earn her.

For the letters there's more to life than that I've been told,
Of what needed to move of sliding of words to the perfect spot for you
That was yet to be. At the end of the day, I'll be happy to say
That the words have their own little space, Kay here's your well-earned pay!
There's more to life than that I've been told of what needed to move
Of sliding of words to the perfect spot for you that was yet to be, at the end of the day
I'll be happy to say that the words have their own space Kay here's your well-earned pay!

Long Time Friends
Long time friends short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.
We stayed together as friends forever, just like a ball and tether.
Long time friends short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.
If I wrote a rhyme for you, I promise it would be real true.
Long time friends, short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.
Just might even make a song so all of you could sing along.
Long time friends, short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.
To sing along is what we do sing along is good for you
Long time friends, short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.
Don't forget who your friends are, with them near you'll go quite far.
Long time friends short time lovers, just one night we spent under the covers.
Lookin' for that perfect fit, but we found out, that wasn't it.

Lori Bday Husband to wife

This is the date of your memorable birth,
on Gods great bountiful earth.
We're all so blessed that you're around,
the love you give can only be found
from someone of your great worth.
Your talents abound,
There are so many,
from cooking to being a Granny.
At this time in my life,
I'm really surprised that I don't have a bigger fanny.
The blessings you share are felt everywhere,
From family to your client's hair.
But there is no bigger fan of you
than the one that said I DO!
You think that's it? Well, no, not yet, there's one more thing to do?
I'll clean the house,
Do the dishes if you wishes, I'd even chase a mouse.
I'd vacuum floors,
clean windows and doors,
put the clothes away and more.
Make morning coffee, finish painting,
A new kitchen is in store!
The blessings you share are felt everywhere,
from family to your client's hair.
But there is no bigger fan of you
than the one that said I DO!

The Man With No Ears

Oh yes, oh yes said the man with no ears,
to the ears attached to the man who aligns
the vibrating strings of an instrument that truly surpasses
the audio experiences of most living creatures
who explore the inner and outer edges of life's journeys
with the kid wonder of, yes you guessed it,
you, the kid of tonal molecular structure ! ! !
In other words, that is a great idea!
When do you have an availability to massage the strings
on the heavenly instrument that resides in my house? My piano!

Mommy you have a B-day

Mommy, you have a B-day.
Do I really know which one?
It really doesn't matter God
knows your havin' fun!
If it wasn't for you there wouldn't be me
so every day I'll take a knee.
In gratitude for the love you give
and the life you've given me to live!

Mr. Squishy

Hello Mr. Squishy,
oh, how I bet you wishy
that you knew how you got your curious nickname.
Well, I can give a clue
as that's the best I can do,
as it could have (has) something to do
with fishy on a dishy.
Now fish alone is healthy to eat
and will keep you looking the same,
But it's what goes along with it,
That can cause you to thick it,
your body legs, arms and hairdo!

Ms. Planter - https://www.youtube.com/watch?v=Z7iYbknK0EU
https://www.youtube.com/watch?v=Z7iYbknK0EU

When I giggle, I wiggle, I can't help myself,
I almost fall off the kitchen shelf.
A sight to see I must guarantee
I have a big plant inside of me.
I was filled with dirt and then some seeds,
Oh how grateful I am, they didn't grow into weeds.
Water was poured each day of the week
And each day of the week the people would peek!
Yes a look they took but not at me
It was the dirt they would see with anticipated glee.
Sitting on a shelf all by myself
and shining on me was the golden sun!
How could anyone think this could be just anyone's fun!
As it blossomed and grew,
I now know what they knew,
A wonderful flower, they were looking forward to view.
A flower full of fragrance, and a face with a smile.
Leaves, pedals and stem of one very unique and particular style.
Like the plants in Ms. Planter are the people of this home.
If fed, loved and nurtured they will never ever roam.
We're one of a kind and should be kind to one and all
This is what we should do, this should be our personal call!
So have a golden day, in every single way,
'cause it's really up to you, with all you do and say.
When I giggle, I wiggle, I can't help myself,
I'll never fall off that kitchen shelf.

My thoughts are really on my face they are seen by me at home.
My face lets me see inside my heart, can **you** hear my heart beating?
I’m way too young to be this smart, can **you** guess what I am thinking?
I’m smart enough to stay this young. Can **you** have this much fun?
The bells of life can all be rung as long as you don’t run.
I’ll see my face on another place and try to read my mind.
I know for sure without a doubt it’s love that I will find.

New Parents - **https://www.youtube.com/watch?v=hqhPdxckE00**
After Victoria tries to teach you what she will allow you to embrace
as your personal style of parenting,
you might then try comparing your feeble attempts by perhaps
combining and sharing your individual successes and failures with each other
by creating, *(Pun intended)* a graph/comparative chart, if you would,
with an in-depth explication of what, where, when and the percentage
of effort applied, as well as the success and effectiveness
of the variety of techniques attempted during this process
by both of you, making sure to identify each technique,
with a clear description using a name, number or some identifying organizational system
so as not to get confused as well as to build in the illusion of consistency,
so as to get an overall feel for the direction that you should try to consider adopting
on any given day or time of day, depending on the sleep deprivation,
food consumption, stack of dirty diapers, dishes, clothes and toys scattered everywhere,
which includes places in your home that you never knew existed!
That being said, as well as being lived, your precious new little package,
won't even know or care what sleep deprivation, food consumption,
stack of dirty diapers, dishes, clothes and toys scattered everywhere is or means,
much less the words that dribble out of your mouth.
The toy for example has been, since the beginning of time,
and keeping in mind that this is common knowledge,
initially at least in the beginning, exclusively used for the sanity of parents,
family members and babysitters.
We all need a little levity sometimes to help keep us above
the **Ap-parent** *(Pun intended)* potential hazards and confusion caused by the sheer joy
of not knowing how to deal with the natural unaffected spontaneity,

As a parent, you will always need to encourage Victoria to teach you to know,

that makes everyone's life wonderful.
This enables you Becky and Adam as parents to feel free to teach Victoria when she grows up
to do the same for you when you get **old**
and have your own version of swamp diapers and puke.

No Regrets he forgets

There once was a man named Bret,
who unknowingly forgot he would forget
To remember the things, he needed to know,
so, for now he has no regrets.

NO Way Jose

NO way Jose could I forget, a great friend like you.
For if I did, the loss so great,
forever I would regret.
But to regret is to remember that which you thought you forgot,
so, to worry or wonder how weird it might be!
Forgetting you I WILL NOT!

Noodles

I'm gonna eat some noodles, not the kind that you buy.
These are very cool ones, not the kind that you fry.
I'm gonna eat some noodles, not from a restaurant or a store.
These are very special ones, the kind you'll beg for more.
I'm gonna eat some noodles that I'd like to share with you.
But first there are a few things that both of us will have to do.
To the kitchen we will go, the ingredients you'll have to know.
Flour, water, egg and love, now let's begin the show!
Make a hill of the flour with a well in the middle.
Pour your egg and water in it and mix it up like a fiddle.
This is the way to make some noodles;
This is the way you could.
This is the way you make some noodles;
This is the way you should!
Put it all in a bowl, together if you would. Put it all in a bowl and mix it up really good.
You need to kneed it with your hands, push and pull that wonderful dough.
It's noodles that we're making now It's you we're showing how.
This is the way to make some noodles; this is the way you could.
This is the way you make some noodles; this is the way you should!
Roll it up into a ball and let it rest, for just a while.
This is the way to make some noodles; this is my personal style.
Roll it out and lay it flat, now the fun begins. Just cut the shape you want to have you'll have a thousand grins.

Noodles - Continued:
Of all the ones that we will make, these are the ones you'll take.
I'll share with you and if I didn't, my heart would surely break.
Enjoy the flavor and the shapes, don't forget what we have done.
To home you go with all your noodles, remembering all the fun!
They'll all be waiting to share with the clan, this is my ultimate plan.
('cause without flour, water, salt and such I guarantee you won't have much).
To put into the *I have to ask,* I take that back (and now you're beginning to know)
this you really know!

Noonish
Noonish I'll say is just right for me!
But be careful not to make me laugh too hard, I just might have to P

The Normal Thing
The normal thing about me, is that I'm normal to me
and abnormal to all the other normalized abnormalities
that are out there,

Not inside the sink,
I am so glad you told me that you're not inside the sink.
'cause if you were, I couldn't help, In fact I wouldn't think,
that it was even possible that I would even know,
unless you had your phone with you, my goodness what a show!

Now That I'm 4
Now that I'm 4 how much more can I store in my little brain?
Perhaps I'll just sit back and relax and count the drops of rain!
They'll wave to me as they fly by, I'll shout to them out loud!
We couldn't be more happy or individually proud!
I'll give each and every one of them an individual name,
now after 4 I'll never, how could I ever be the same.

Now That I'm 80 For You And By You - https://www.youtube.com/watch?v=jtQlg4ZgaEc
Now that I'm 80, what will I do? Think of those years and how they flew?
By the grace of God my earthly health, has been granted me to enjoy my wealth.
Not of things I buy, build or create, but of the people I'll see at those "Pearly Gates".
As we all enjoy today's event I count my blessings, I don't have to rent.
The **Fathers** that made me from Heaven and earth, could quite frankly care less, of my sweet girth.
To my family and friends who have joined me today, you are my true value, my present, our worth.
I count my blessings on this happy day, knowing that my children have loved me in every way.
So, eat, drink, dance and party, might even try a Big Mac! 80 is behind me, and I ain't lookin' back.

Octopus play ground,
Grabbing toys in the hands and feet and throwing and spinning them around

Old Age, Is A Gift

You have a good understanding of the great freedom that comes with aging.
You must like being older.
It can set you free.
Be messy and extravagant.
You are entitled to a treat.
No guilt for eating that extra cookie, or for not making your bed, or for buying that silly whatever that you really didn't need.
Read or play on the computer until 4am sleep until noon.
You can be forgetful. But then again, some of life is just as well forgotten.
And eventually you remember the important things.
You are blessed to have lived long enough to have your hair turn gray, and then this color and that color.
Retain those youthful laughs we can all learn from.
Care less about what other people think.
Earned the right to be wrong.
While you're here, you're certainly not wasting time lamenting what could have been or worrying about what will be.

Older Than Yesterday Guys

WE ARE Older than Yesterday guys
as we look into our eyes.
Today was tomorrow,
no room for sorrow
It's living that makes us wise.

One Hair Teddy Bear

The Teddy bear with one hair that's sitting on a chair,
this one little rare bear, that has been sitting on the chair,
I guess he must be a special bear
'cause he's sitting on that chair.
Nowhere else can I find a Bear
that's sitting on any chair
and nowhere else will I find a bear
with only one single hair.
Especially one so wonderful, a Bear
with only one beautiful hair.
Why should I care, about the Bear,
with only one fantastic hair?
Is he sitting here or sitting there
and is he the kind of bear that will share?
It all depends on you.
Who's sitting here isn't over there They are over here for sure.
and who's over there is not over here unless I 'm over there, I were!
If another bear was there, they would be called a pair of Bears
with one that has one hair and the other that is willing to share.
Bear the one with one,
snare the bear I could hardly bare
the time alone if the Bear was over there
If you're sitting here, you're not over there,
unless he's sitting there.

One More

My spirit did find,
I hope you don't mind,
it's just one more,
don't kick me out the door
don't want to bore,
but it's this great lady we all adore.

Only You Will Know When We Are Done!

Only you will know when we are done,
only you will have a clue! (what's really left to do)
Only you will know when we are done,
It's up to you when we are through! (with all those things you just magically knew)
Only you will know when we are done,
'cause when you are I will be too! (and so grateful just to you)
Only you will know when we are done,
I can't stop writing, it's what I do! (It's this much fun because of who?)
Only you will know when we are done,
oh how I love the color Blue! (when in that plane I flew)
Only you will know when we are done,
When having fun is part of you! (I'll turn the corner and say peek-a-boo!)
Only you will know when we are done,
When what you do is so brand new,
that when it's done we'll say yahoo!
Only you will know when we are done,
Because we include me and when we're done, we're through!

Papa Pickles Tickles Words

Pickles Tickles the words that he sees,
pickles tickles quite generously.
He loves those crunchy sweet little devils.
Green, bumpy and sweet as he wildly shovels
2, 3 and 4 at a time
in hopes he'll create just for you a Pickle-icious rhyme!

Patient Man

In some men's mind, men are the patients to the patient woman.
In that case the key is for the patient woman to let him think he is the patient
while all along teaching him that patience is not good and that if you need something from him,
now is not tomorrow!

Perfect

Oh yes oh yes how could you guess that I would agree with thee.
It's your logic and thought process, that will be perfect, just perfect for me.

The pest I am

Pumpkin Patch

Pumpkin Pie

I'm standing by a pumpkin and I'm barely 3 feet tall.
He's so much taller than me, I hope he doesn't fall.
If a pie of him I'd make,
forever it would take to bake.
That would be just fine with me,
'cause then the world could eat for free.

Reflect

What you see is a reflection of your entire life.
Does it reveal your true direction? Can you cut it with a knife?
The journeys and the friends we made
since last time when we sat in the shade.
For our entire life we'll take what I really want a mirror image of my thoughts is known by me alone.
My thoughts are really on my face Is seen by me alone.
Imagine I know for sure without a doubt it's love that I will find.

Roller Skate

Sedentary

My sentiments! The bad thing about being sedentary,
is that you become the sediment! My sentiments!

Shoes on my chair

There are shoes on the legs of my chair.
Oh how in the world did they get there?
Did the seat request it? Did the back want it?
Did the arms need it? Did the feet require it?
There are shoes on the legs of my chair.

Shoes on the table!

Shoes on the table can mean many things,
and one thing for sure,
that's not where they belong.
2nd thing for sure, you should know that it's wrong
it would never be done not even to cure
a very old illness that was had by some Kings.

Show and Tell

4th grade show and tell,
I had nothing to show and nothing to tell.
One kid played a trumpet,
I was hooked because I listened well.

The Sights

The sights the sounds the breeze without freeze,
at the end of the day we're brought down to our knees
to rest and remember the food of life

To be thankful for all that you can't control,
of the things that work in your favor.
To be thankful for all that you can control,
like the food you're about to savor!

Slap Away!

Slap away! Noonish I'll say is just right for me!
But be careful not to make me laugh too hard I just might have to P!

all my feelings built up inside.
I'm getting ready to feel the glide

Snake - https://www.youtube.com/watch?v=66WBbBkBLvc
Take a look at the Drake Snake partake in a great snake!
It's not a fake, it's not a cake you could make or bake,
a wave or a wake on a lake named Jake, or a rake you could take!
It's just a big old lovable, lazy huggable quite adorable

Snow, The Cleanup
I'm out to do the snow cleanup in just a little while,
good god all mighty frighty it really makes me smile!

Stop And Smell the Roses

Creating the aroma is for those fewer
that have those wonderful noses!

The String
What is that thing that surprises my eyes'es?
What is that thing that's here and gone and makes me laughs'es?
What is that thing that weaves through my fingers in search of a path, just the perfect one?

What is that thing that does things that I think things about?
What is that thing that plays and plays'es?
I think that things' is a String, that's' is what that things' is a STRING.

Success
Success and failure breed each other, so why try?
FOR THE RIDE!

Suntan Man
I am going to get a suntan;
I hope that you don't mind for now,
I'll show my big body to all of mankind!

Super! Duper
Super! Duper! You know me well! You know you well!
It makes the end results really swell!

Susie You're a Dusie
Oh, Susie you're a dusie, I'm so tempted to do a rhyme.
But at this time of the day, I have the will, but not the time.
You'll have to settle now, for just a simple modest one,
'Cause it's all I got and we're looking forward, to one h-e-l-l of a lot of fun!

Taking a knee

I think in England they call taking a knee
to someone as meaning to kneel down on one knee
to like the Queen or whatever, not a knee to the ***** but I'll take a knee to thee
for the things that have to be for to do the things so joyfully!

Tanks agin' me matey

Dave Luhreseen A little rhyme
Tanks agin' me matey, you've done me right.
Da ship is afloat for Saturday night!
If you're not doin' nuttin,' come ride along, for free with me, as I play my songs.
Your handy way with words I admire,
It's the tilt of your talent I do aspire.
The ease of your reading is to those you feed
the content and clarity that leaves no need
for further descriptions
or in-depth depictions,
Your joining of letters has no restrictions.

Teeny Weenie of a tip

It was too teeny weenie of a tip, that's why you didn't notice,
It was so small I feel I've done, I hope not, an irrevocable injustice!

Thanks heaps and bounds

Thanks heaps and bounds for the reference you gave, another musical round.
the money I'll make is money I'll save, to use for things that will make me behave

Thanksgiving

Ditto Ditto says the cat in the fitto,
after eating today, I'll be bigger in the MITTO!

Thankyou for thinking

Thank you for thinking of thanking me for thanking you!

That little detail

Thanks again for that little detail that only you,
the master of things to do, can do!

There's A Third

I heard there's a third to add to the herd,
no way can it be a nerd!
I'm just now catching my breath with 1 and 2,
What incredible things you two do!
They are maybe a baby for just a short while;
All faces will fill with a smile.
But it's the diapers they fill that make us stand still
as we try to clean up the pile!
Now these diapers are full of memorable moments
The newborn is what I mean.
We just can't stop loving this incredible baby whether she's dirty or she's clean!

They RULE!

I gleamed! I glowed one thing I knowed
This stuff is really cool!
The illos that you create for us,
They really, really RULE!

Thing?

What do you do with a thing like this?
With a thing like this what's done?
Has anyone ever seen this thing, this thing that looks like fun?
Am I the first, the only one, perhaps others missed?
I should listen closer to its voice it might have a special twist!

Thinking Thoughts

I'm thinking thoughts that come back to see,
if they really want to be thought by me.
I'm thinking thoughts that are new to me,
like wondering about the open sea.
My thoughts of things they come and go,
some are new and some I know.
When they return, I'll treat them well,
we'll have a chance to show and tell.
My face lets me see inside my heart.
Can you hear my heart beating?
I'm way too young to be this smart,
Can you guess what I am thinking?
I'm smart enough to stay this young.
Can you have this much fun?
The bells of life can all be rung as long as you don't run.
(If you run too fast you'll miss it)
I'll see my face on another place
and try to read my mind. (and know what's on my mind)
I know for sure without a doubt
It's love that I will find.

Thirsty Firsty

ME: We'll be next to the pool, really easy to find you'll hear us there as you unwind!
I'll get you a drink if you might be thirsty in this race with one, I guess you'll come in firsty!
YOU: In this ride with me alone I'm going a long way from home.
I'll be first and I'll be last I'll try to ride my bike real fast
because I need for you to know I really want to see your show
I'll blow by every fielded cow (perhaps a Moo or Two)
just before your final bow!
I'll keep it in my personal files, credit it to you of course,
and somewhere along those wonderful miles, perhaps you'll see a horse!

The Times

The times we spent in the places we went
could have been quite different, I'm sure.
If not for you and thanks to you, you saved us a lotta rent.

To know who

To know who I was while finding my way has been the key to my success!
To know who you are while finding your way is the key to your success!
To know who you are while finding my way has been the key to my success!

To Lori

Celebrate age and the youthful way of viewing
what preceded our today and forms our yearnings yet to be. Love,

Toast - Adam Becky

We welcome all the new family members, and we thank you for honoring us with your "presents",
presents has a double meaning, and today I am sure that the kids are happy
that there are two meanings to that word.
You are all familiar with the old country tradition of the family and friends raising the barn
and then building a new one with the words "I Do" the two of you have just raised your old life and set in place
the first brick of the foundation of your new life together. We are all here to help support in the construction
of any other pieces when and if you need us.
Kids have instincts that adults forgot they had, adults have instincts that kids don't won't
and can't understand until they are adults.
We share common ground, we should learn from each other at every age.
The word LOVE spelled backwards is the beginning of the word EVOLVE. The Webster dictionary explains
that word as meaning: Result, Unfold, Emerge, Develop Grow
Your LOVE will continue to EVOLVE There Are a lot of symbols that represent your relationship
The Rings, Dress, Flowers, Cake, Car the Money you save or as in today the money you spent.
None of these really matter, and most assuredly, all of them mean absolutely nothing.
The only thing that has true value, worth and durability,
is the lock that the two of you have with each other as friends.
AND the lock that the two of you have with each and every person in this room, we are your friends.
It's not these symbols that make you a couple, these symbols represent the results of your lifelong commitment.
So,
May the best day of your past be the worst of your future, may your home always be too small to hold all your
friends, may you both live as long as you want and never want as long as you live.
And if the roaring flames of your love have burned down to embers
May you find that you have married your best friend to life!

Toast

Let's make a toast, who can drink the most,
then have a seat in your furniture.
And we'll propose a toast, to use it when you need it most!

Tom Kueny

I know this little lady, a nice little gal,
She is a little spirited, not quite like Sal.
you'd undoubtedly connect, and have a great time,
in all probability would cost less than one thin dime!
She's not a floosy,
but a doosy
of a time it'd be Tom,
Lori and little old maybe me!

Too much wine?

Too much wine? Too much fun? I painted my ceiling and walls!
Only one color that's all I wanted, from the ladder I did not falls!
A spot or two I might have missed, the day after is soon enough,
to see the beauty and the color I chose it really wasn't all that tuff!

Triplets

Triplet trees dancing, Kate, John and Nick.
Which one is our favorite? We cannot pick.
They were planted together and together they'll stay,
standing and growing in their own special way.
The way they look, they say nothing out loud,
but you can feel the power, they're shouting, we're proud!

Tunnel Vision

Mr. Try not to be Tunnel Vision Man, you should from time to time miss the Tunnel!

Turn The Page

I've learned how to turn the page when nothing more can be said,
read or fed to hearts that are dead.
I'm a persistent 5'4" little guy and the only time I back pedal is when I turn my back going forward so I can watch what I leave in the dust behind me! Peek-a-boo!

Underneath My Hat

Sorry oh so sorry about saying stuff like that
it really isn't part of me or underneath my Hat.

The Van

The Van is packed and stacked with bikes in a rack, backpacks, camping gear,
and yes, even beer!
Clothes for hot and clothes for cold, clothes for biking and clothes for hiking,
Shoes to keep our toes warm and shoes to let our toes roam.
We have this, we have that,
we even have more than one hat!
We have a map and we are ready to camp!
We have our tent, (hopefully the poles aren't bent!).
Just gotta put the man in the Van and start our caravan! (but not until tomorrow am!).

Vent

Vent oh vent out through the window she went
when she sent the vent out to me.
If you meant to vent please don't get bent
'cause I promise I will not dent.
If a vent you lent, keep it pent up in that tent,
for free it will be. NO RENT.

Visual life

Your imaginative illustrations are poetry!
I thank you from the bottom of my heart for pouring yourself into my words!
Your pen has given my pen a visual life for all to see!

Walk Talk

What a wonderful thing it is to walk,
What a wonderful thing to spend time and talk
to all the friends your feet like to meet,
Perhaps the others enjoying the street.

Walk - **https://www.youtube.com/watch?v=IbGMptda32M**

I'd rather walk forward than run backwards and stumble.

The Way I eat

The way I eat dictates to my feet,
how hard I play and work on the street.
The way I eat gives me miles of smiles
and the energy it takes, oh piles and piles!
The way I eat is the way I'll keep meeting,
new friends and old with a joyous greeting!
The way I eat is the way I'll weigh
The weight that's right each and every day!
I really couldn't wait to write
Or wait to lose this weight tonight.
It had to go to show I know
I knew what weight for me was just right!
The extra weight I navigate is really not my friend,
I need to just, let go of it, to whom should I lend?

Wendall,

Wendall… the wandering wonder!

What Is This Thing?

What is that thing that surprises my eyes'es?
What is that thing that's here and gone and makes me laughs'es?
What is that thing that weaves through my fingers in search of a path, just the perfect one?
What is that thing that tickles my giggles and rolls'es around my galloping toes'es?
What is that thing that bounces on my tummy giving me love, hugs and squeezes?
What is that thing that kneels on my kneeses?
What is that thing?
What is that thing that makes circles on my chest then rolls on my necks'es?
What is that thing that glides up from my chin and kisses my lips'es?
What is that thing that dances on my nose'es then slides down to tickle my cute little cheek bone'es.
What is that thing that circles my neck and plays a song in my ears'es?
What is that thing that gets lost in my hairdo and stumbles down my forehead to say peek-a-boo?
What is that thing that does things that I think things about?
What is that thing that plays and plays'es? What is this thing?
I think that things' is a String, that's' is what that things' is a STRING.

Whatever It Needs

Whatever it needs to be,
to do what it needs to do,
to get done what it needs to get done,
to be who it wants to be,
should be done.
Whatever it is,
GET IT DONE!

Who, What, Where and Why?

From newborn to old, torn and worn out,
from Jazz lover to beach hugger and kids that shout!
From foodies to dudes that workout at the Gym,
as well as good people just singin' a Hymn.
The who are many the why is because,
They find something in life that gives them a BUZZZZZZ!
I think that covers the who and the why,
The where and what just let your eye,
follow my website and you'll find,
the way to where why if you wouldn't mind.

Wonderful parents!

You two are wonderful parents.
No parent like you, one could rent.
A pair of parents, it is quite apparent,
that no other two would do!
A pair of parents, just like you,
make being a Grand Parent
so easy and grand, Ya Hooo!

Wood

Would you ever think you could that you would ever find that kind of wood?
And if you did what would or should you do with all that kind of wood?
I'd get a truck load of marshmallows, build a really super big fire,
and roast them over that dancing flame of which you'll never tire!
I know! Get a truck load of marshmallows! We All desire!

Word art

The poems wrapped in word art told,
are poems that I hope will mold,
The minds of you the young and old,
to your hearts, will forever hold.

Wordation /Artsation

Distortion is the notion of something being bad!
But this wordation with this artsation, makes me oh, so very glad!
The poems wrapped in word art told, are poems that I hope will mold,
The minds of you the young and old, to your hearts, will forever hold.

Words I Admire - Dave Luhrssen

Your handy way with words I admire,
It's the tilt of your talent I do aspire.
The ease of your read is to those you feed
the content and clarity that leaves no need,
for further descriptions or in-depth depictions,
Your joining of letters has no restrictions.

Wordsications!

PS no need to respond to my pontifications,
I just feel better when I release all those letters
that turn themselves into my wordsications!

Working

Awesome, groovy, ska-diddle-dee-doo!
Oh, how I enjoy working with the likes of you!

Would Wood

Would you ever think you could,
that you would ever find that kind of wood?
And if you did what would or should
you dowith all that kind of wood?
I'd get a truck load of marshmallows and
build a really super big fire.
I'd roast them over that dancing
flame of which you'll never tire.

X-oem

I want to write a poem that will rhyme with the letter X.
I want to write a poem that will at least use the letter X.
I want to write a poem that you would text or FedEx to your friends of any sex.
It wouldn't have to be Xtra special and
it wouldn't have to make me cross my eyes.
But when I finally make one up
it will certainly be a surprise.
X'cept for not knowin'
what to name the X-onderfull poem
I'm sure I'll have some X-credible fun
Trying to x-reate and X-ame the X-oem to show'm
what the X-poem has in'm.

Yay!

Yay for you, you little yayer
and all the other yayers who yay about something
worth yaying about. Yay

You Lost Your Dream, it was hidden by the sand of day-to-day life
You Lost Your Dream and no one really knew when you were left so very cold.
I remember what a feelin' I was like before,
I lost my dream I'll never be the same.
It's there for you to steal.
I know you'll love my dream.
The pain will never end.
I remember what a feelin'
I once had before I Lost my Dream. You Lost your Dream

the minds of you, the young and old
to your hearts, will forever hold.

Your Left And Right
Your left and right your up and down
your front and back your all around,
Just make darn sure that every day,
your feet are on the ground!

Your Loss
Your loss is your gain to understand pain.
The kind that took forever to know.
His life, like yours, will continue to show
that the rewards of good living will remain.

Your Turning Into Me
You're turning into me 'cause this is who you really be!
Or is it that I'm learning now from you the master of how WOW!
You're turning into me 'cause this is who you really be!
Or is it that I'm learning how from you the Queen of graphics WOW!

Yummy,
Yummy, Yummy, Yummy thanks for thinkin' of my tummy.

I hope you enjoyed this book, created just for you.
It's because you are so special, these things I love to do!
This is a special growing book, open up and take a look.
Write some poems of your own, then you become the cook!
The recipe will come to you in ways that will SURPRISE!
The ingredients that you will use, will certainly open your eyes!
You grow a little day by day, and so will all your rhymes.
I know you have a lot to say, feel free to take the time.
